At Wolverine State Brewing Co., our commitment to hand-crafted quality extends not just to our award-winning beers, but also to every item on our tap room menu. All of our smoked meats are prepared in-house and smoked out back on our custom smoker. The rubs and brines that we use for our pulled pork, turkey, ham, bacon, corned beef, and brisket are all crafted to accentuate the flavors and textures of the meats. And every sauce, side, salsa, and dip is prepared from scratch. Our goal is clear: fresh, flavorful food that pairs perfectly with our one-of-a-kind lagers.
