

What Comes Next???

Many parents often ask what other lessons are available for their child. You child can participate in more than one program within the Skating Club of CNY

USFS Learn to Skate USA program

Basic 1-6

Pre-Freeskate & Freeskate Levels

(Once your child passes basic 3 there are other options available)

Bridge Class – For skaters who have passed Basic Skills 5. This is an advanced class focusing on stroking, spins, jumps and moves in the field in a rotational group setting.

Basic Skills Synchro Class – For skaters who have passed Basic Skills 2. This is an Introduction to Synchronized Skating, teaching the basic holds, formations and transitions with emphasis on line and positions. This is an introductory class only.

Synchronized Skating– For skaters who have passed Basic Skills 5
NO Synchro experience necessary!!

This is the club's travel synchronized skating program. Skaters will represent the Skating Club of CNY at various competitions throughout the winter months. This is not part of the LTS

Skating Club of CNY Initiation Program

Any level of skating – Can join at any time

The Skating Club of CNY is pleased to offer a transitional program for learn to skate students to become familiar with the club setting. This program is offered for a three-month period to introduce the skaters to private lessons during "club" ice time. This program is designed to help spark the skater's interest and determine if figure skating is a sport in which they want to become more involved.
