

PICTURE STORYBOOK - IMAGINATIVE FICTIONAL

Picture storybooks are an excellent and entertaining way of teaching a Science concept. Write your own story and present it as a printed book or eBook.

Your story should contain:

- at least 5 science facts and you should list these at the back of your book
- your own hand-drawn illustrations
- a list of references (bibliography) that you used and put at the end.
- a list of people who helped you

You could use one of the following titles below, or come up with your own!

A Day in the Life of
My Blue Tongue
Lizard

It Is Spreading!

My Adventure Into the
Backyard

Sustainable Me

I'm Never Going On Safari
Ever Again!

Help! Save the Earth
