RAADfest Bangkok 2018 | February 22-25, 2018 | Bangkok, Thailand

RAADfest is the largest gathering of radical life extension advocates and enthusiasts, leading scientists, researchers and speakers in the field of regenerative medicine and longevity. This event combines the energy and fun of a festival, the empowerment and interaction of personal development, with cutting edge science presented for a lay audience to create the first and best holistic radical life extension event ever.

Reach a premium targeted audience of life extension enthusiasts. Sponsors and exhibitors representing businesses and organizations relevant to the life extension and longevity fields are invited to participate and display their products and/or services at this gathering. In addition to boosting your brand, your sponsorship helps support the advancement of radical life extension. Apply now to secure your place!

About The Coalition

RAADfest is presented by the Coalition for Radical Life Extension. The Coalition for Radical Life Extension is rallying like-minded people to come together to stand up for radical life extension and physical immortality. The Coalition is a not-for-profit organization reaching out to groups and individuals who already have interest in radical life extension and physical immortality, in order to galvanize and focus our energy into a popular movement that is self-sustaining and expansive. This group of early adopting advocates, numbering in the thousands, is forming a platform for influencing a much broader audience, and ultimately the mainstream.

Vision

To bring about a sea change in how radical life extension is viewed and understood, in order to generate greater support for a broad range of related initiatives from scientific research to social and psychological breakthroughs, to intellectual and artistic expression.

James R. Strole

James R. Strole is the Director of the Coalition for Radical Life Extension. He is a leading anti-death activist and community builder, who has spoken around the world and written on radical life extension and physical immortality for over four decades.

Testimonials

As a platinum sponsor, Life Extension had high hopes that the first RAAD Conference ever would attract consumers that are highly invested in maintaining optimal health, that are highly qualified potential customers for our products and services. And the conference did not disappoint! We were amazed by the dedication and enthusiasm conference attendees had for not only the highest quality vitamins and supplements we offer but for the entire range of anti-aging therapies discussed over an information-packed two days. Life Extension will definitely be attending the next RAADfest Conference.

Rey Searles
Vice President of Marketing

"I found RAADfest to be the best exhibitor experience I have had to date. 10 years of actively exhibiting at Trade Shows I found RAADfest attendees to be the most interested in what we had to offer. They bought more product than any other previous Trade show I've exhibited at. I think that when you offer high quality information and charge a good fee, then you are attracting the people who can afford to invest in new products and new habits of living. Thank you RAADfest Organizers for allowing me the opportunity to share my passion at your Convention."

Stephen Heuer
Nutripath

"The RAADfest experience as an exhibitor and attendee was the best money I ever spent. The speaker line up and the information they shared was truly cutting edge and very uplifting. It was very well organized and there was an authenticity and feeling of community I have never experienced at a conference before. We feel very privileged to have participated in the first conference. We are eager for next year's RAADfest.

I enjoyed being a vendor with my company Genius Coaching at the RAAD Fest 2017. The interaction with many progressive participants resulted in several new coaching clients and generated revenue of \$10,000 for my company.

Exhibitor

We are attracting vendors that have state of the art, result-oriented products, services, and/or equipment for radical life extension enthusiasts who want to improve their quality of living. Exhibit hours are scheduled at dedicated times before the main event. This helps build a true sense of community in which exhibitors are warmly included to participate. This is also out of respect for our leading scientists and researchers that are contributing their time to share their latest innovations and projects. The net result is that attendees are more primed to take action in regards to their health and wellness, which is a benefit to all of us.
