

AAA
Walnut Creek, CA

Worked with company administrators and executives to identify locations for, select, frame and install over 200 artworks including limited edition prints and reproductions, plus company branding posters on six floors of regional headquarters in Walnut Creek, CA. Assessed and re-located some of existing artwork collection. Helped develop an art plan that distinguished floors by themes: travel, landscape, abstract and urban culture. Conference room artwork reflected travel destinations such as Yosemite, Grand Canyon and Yellowstone.
