

Emergency Communication Policy

In the event of an emergency involving an early release from school, Sanderling will initiate the Emergency communications process, which will alert families that school is dismissing immediately.

In order for this system to be effective, you must provide the office with the most up-to-date emergency information at all times. We will use whatever you provide of your email, cell/work/home phone numbers. In order to update this information, log into the parent portal at sanderlingwaldorf.bigsis.com/portal or stop by the office to update the hard copy.

If Sanderling is releasing early, the office will use the One Call Now app or website to initiate an automated phone call, email and text that will notify parents to head to campus. In the event of an emergency, parents will receive the call and be expected to arrive, or make arrangements for their child's release immediately.
