

## **Carrie Hunsucker (Co-founder/ Chair)**

Carrie Hunsucker lives in North Central Florida. She considers herself a "librarian gone rogue" as she left the public library setting to work as a business research consultant. Her daughter Hazel was diagnosed with Bohring-Opitz Syndrome at 20 months. Carrie and Hazel love reading, being outdoors, and exploring the beautiful and eccentric places in Florida. Carrie has a passion for helping others and hopes that other families can receive access to information and an accurate diagnosis through continued Bohring-Opitz Syndrome Research.
