The EESF is 100% funded by your generous donations. To donate to our cause, click here.

(All donations are tax deductible.)

Thank You!

We may have said it before, but we can’t say it enough:

Thank you.

Our support has helped us educate hundreds of thousands on the safe riding of elevators, escalators and moving walkways. Your support has helped us educate hundreds of thousands on the safe riding of elevators, escalators and moving walkways.

We Need a Piece of Your Mind!

WEEKEND SURVEY.

We’re thrilled to those organizations that support EESF by allowing us to exhibit, hold fundraising events or fundraise on their behalf. Here are a few of those upcoming events:

The 2019 EESF AGM meeting was held on February 20-21, 2019 in Mobile, AL. During the meeting, Chair Mark Mullins, EESF National Coordinator, Milton, WV delivered a report on the state of EESF. A highlight of that report included an update on EESF’s Safe-T-Rider campaign. EESF’s 65 second online video ad has a view rate of 41.3% well above the average rate of 15%. Highest percentage of views found in the last three years is still held by videos including New York, Los Angeles, Chicago, Houston, Toronto, Dallas, and Atlanta. In addition, web views for all of EESF’s programs increased between 20-25%.

Those in attendance agreed that the meeting had a feeling of renewal and enthusiasm. We would invite you to read a full article about the AGM in Elevator World HERE.

We’re happy to announce that Ken Garst has resigned his position on January 15, 2019. EESF thanks Ken for his service to our mission and our efforts. Here’s a note from Ken:
