

Kaleidoscope Call for Scores

Application Instructions for submitting scores, recordings, and bios

1. Sign up for a free Gmail account if you do not have one already at:

www.gmail.com

Your Gmail account will also give you a Google Drive account, which allows you to store up to 15GB for free. Once logged in to your Gmail, you will also be logged into your Google Drive, which can be accessed at:

www.google.com/drive/

2. In your Google Drive, make a separate folder with each piece you wish to submit titled with the ensemble category (unaccompanied, chamber, or orchestra), your full name, and the piece's title. For example:

unaccompanied_Johann Sebastian Bach_Chaconne
chamber_Franz Schubert_Cello Quintet
orchestra_John Williams_Star Wars

Each folder should contain your score, recording, and a short bio (PDF and MP3 preferred). Before you upload your files, make sure they are in a non-zipped/compressed format, allowing them to be played/viewed within the folder.

3. Once all materials are in your folder and correctly labeled, share the folder with the email:

kcocfs2017@gmail.com

Once you share the folder with the email above, it will show up in our "shared with me" section in our Google Drive, which will only be accessible by musicians on our selection committee.

4. After sending us your score, recording, and bio, please go back to our homepage (www.kco.la) to complete our application form (through Google forms) and submit an application fee (securely to our PayPal).

For any questions, please contact us at: contact@kco.la
