

ABOUT

Ultima™ is a 40wt cotton wrapped polyester thread which has the strength and utility of a polyester filament thread and the easy stitch and finish of an Egyptian spun cotton. It is designed to be the go-to choice for quick and easy quilting and general sewing without any fuss.

APPLICATIONS

Ideal for both domestic and longarm machines. Use for edge-to-edge quilting, free motion applications, fillers, and computer driven patterns.

THREAD

40wt cotton wrapped poly

Finish: cotton lustre
