December 15, 2021

Dear all,

You may be aware that Extend-A-Family Kingston have made the very difficult decision to suspend our 'In-Person' day support program until further notice due to the current circumstances surrounding COVID-19.

It is with sincere regret that we have had to take this direction, however based on new screening measures and the rising number of cases, this decision was in the best interest of our organization, staff and especially our participants and families in ensuring we all stay safe and healthy through the holiday season.

Please know that we will be monitoring all KFL&A Public Health informational updates over the holidays to return to normal programs as soon as possible.

While our In-Person program is suspended, our current virtual programs will continue to operate and change to the following schedule:

Mon 20<sup>th</sup> – Wed 22<sup>nd</sup> – Two (2) Virtual Sessions  
Thur 23<sup>rd</sup> – One (1) Extended Virtual Session  
Frid 24<sup>th</sup> – Tues 4<sup>th</sup> Jan 2022 – **Closed** – No Virtual Programs  
Wed 5<sup>th</sup> Jan 2022 – Until further notice - Two (2) Virtual Sessions

These sessions are open to our current participants, friends and families but require prior registration at <https://eafkingston.recdesk.com/Community/Home> or by contacting Megan Taylor [megan@eafkingston.com](mailto:megan@eafkingston.com)

We understand that this level of support may not be ideal for all but rest assured that we are here to continue to support you via the best methods available to us at this time. Should you have challenges with accessing our virtual programs due to limited technology, please contact Megan [megan@eafkingston.com](mailto:megan@eafkingston.com) to discuss potential options we may be able to provide.

Once again, from all our Extend-A-Family team we sincerely appreciate your understanding and patience as we navigate through this challenging time.

May we wish you all a very Happy Christmas and a Prosperous New Year.

Stay safe, healthy and support each other

Warmest regards,

Scott
