

Karen Magnoni

My husband, Dominic, and I have 3 children, 2 dogs, and 18 chickens. Our oldest son, Declan, graduated from Brophy in 2016 and is now attending Southern Methodist University in Dallas. Our daughter, Gia, is a freshman at Xavier College Prep and our youngest son, Marco, is in the 1st grade at St. Theresa Catholic School.

I moved to Tucson when I was 8 years old from Philadelphia when my Dad was transferred with IBM. I graduated from Northern Arizona University with a BS in Elementary Education. While I am now a “stay at home” mom I never seem to find myself at home. Outside of my home, I work at my husband’s engineering firm, I am on the PTO board at St. Theresa Catholic School, I volunteer at Xavier College Prep, I am team mom for my 7 year old and I am my children and husband’s biggest fan which means I am always driving from one activity to the next.

My family and I moved to Arcadia from Ahwatukee 2.5 years ago in search of a neighborhood that would be “closer to life”. We fell in love with the tree-lined streets, the grassy front yards, amazing restaurants within walking/biking distance and the sound of children in their front yards playing, as did the majority of our neighbors.

I am very interested in being a part of the ACMNA board to help keep our neighborhood the neighborhood that we all fell in love with. I may be a newcomer to the area, but I recognize what makes Arcadia such a special place to call home.
