

PASSEPARTOUT DUO & INOYAMA LAND

Radio Yugawara

TONAL UNION

'Radio Yugawara' pairs the Italian/American group Passepartout Duo with environmental music pioneers Inoyama Land. The album documents a fully improvised sound workshop using children's toys, home-made instruments and other sound tools. Each of the 11 pieces has a unique timbre, built from subtle electronics, hand percussion and pinprick tunes. 'Abstract Pets' is a key moment, leaning into hypnotic, Steve Reich reverence, full of comforting textures, minimalist glockenspiel cycles and shimmering bells. **MS**
