Krabbers

C F Am
I wish I could write a song
Em F C
Good enough for the world to sing along
F Em
And if I could write that song
F C
In a language that the world would understand
Am C F C
And if they sing it enough, the message might get through
F C G
This message that was only meant for you
Am C F C
where ever you are, no matter how far
F C G
This message was only meant for you

CHORUS

C F Am
I hope you're smiling
Em F C
I hope your worries are as far away as me
C F Am
I hope you're happy
Em F G
I hope your troubles are as far away as they could ever be
C F Am
I wish I could write a book
Em F C
Good enough for the world to want to read

C F Em
If I did, would you take a look?
F C
Would the words show another side to me?
Am C F C
And as you... turn a page, a chapter has to end
F C G
Before another chapter can begin
Am C F C
And if you... read it enough, the message might get through
F C G
The message that was only meant for you

CHORUS

CF Am Em F C
