

# NACHT UND TRÄUME

**JAKE CLARK    NELSON DIPLEXCITO    HOWARD ROGERS**

**Exhibition** 9 September – 14 October 2017

**Preview** 8 September 6-8pm

**Artists Talk** 7 October 3-4pm

The three painters came together as a result of visiting each other's studios to discuss the work. They wanted to put on an exhibition that celebrates the sheer physical presence of painting. No irony, no detachment. They believe in the singular image and that painting lives in the emotional power to portray the sense of being alive.

The exhibition is accompanied by a full colour catalogue.
