IMPORTANT!

DO NOT INSTALL NO-FLUSH™ URINALS:  1. ON CLOGGED OR UNCLEANED SEWER LINES  or  2. TO UNVENTED DRAIN LINES
TO MAINTAIN WARRANTY, SEWER LINES NEED TO BE PROFESSIONALLY CLEANED (SNAKED) AND WORK DOCUMENTED PRIOR
TO INSTALLATION. NO WARRANTIES, EITHER ASSUMED OR IMPLIED, ARE GIVEN FOR PROPER FUNCTIONING OF NO-FLUSH™
URINALS WITHOUT DOCUMENTATION. CHECK ROUGH-IN HEIGHT BEFORE INSTALLATION FOR CORRECT URINAL HEIGHT.
INSTALLATION INSTRUCTIONS
HPC Models #2003, #2004 and #2005
For additional installation instructions that pertain to each individual urinal, please see next two pages.

NOTE:
No flushometer needed for fixture, provide suitable reinforcements for all wall supports and carriers. ADA: Requires urinal rim to be mounted 17” above finished floor. Dimensions for fixtures are nominal and may vary within the range of tolerances established by ANSI Standard A112.19.19 and ANSI Z124.9. Measurements are subject to change or cancellation. No responsibility is assumed. UPC*: others. For copper DWV drain lines ascertain and document that the installed lines are not corroded or show “channeling”.

High Performance Composite = HPC    Vitreous China = VC

Please leave this Installation/Care sheet with the owner/user as it contains important information.

BOX CONTENTS:
2-EcoTrap® Inserts; 2-Wall Hangers; 4-Plastic Anchors; 4-Screws; 1-Rubber Gasket.

FOR NEW CONSTRUCTION ONLY
(Needs to be ordered separately):
#5001 Brass Flange and Hardware.

TOOLS NEEDED:
Screwdriver; 5/16” (7.9mm) Masonry Drill Bit and Drill; Putty Knife; Water Supply Cap (for retrofit only); Wrench; Caulk

BEFORE YOU BEGIN:
• Do not install No-Flush™ urinals without prior waste line clean out. Do not double trap (remove any other trap in drain line).
• Please assure that the new urinal has the correct rough-in dimensions.
• When working with highly polished plastic or ceramic products, please use care in handling the unit during installation to avoid scratches or chip marks.
• Over-tightening bolts and screws may result in damage to the urinal.
• Measure drain line height for correct urinal height.

TO INSTALL NO-FLUSH™ URINAL:
• Assures the existing flange from a prior flushed urinal is used or for new construction, a new flange is installed to the drain line.
• Assure that flange holes are lined up horizontally. Insert 5/16” All-Thread studs into existing flange holds.
• Set supplied rubber gasket on installed flange. Do not use wax gasket. If using wax gasket, assure that no wax materials protrude into interior drain line openings.
• Install wall hanger(s) with provided anchors and screws.
• Carefully align/set urinal onto wall hanger(s) and lower urinal onto flange studs through AllFlange™ recess in urinal. If alignment is needed, remove urinal, reset hanger(s) and hang urinal again as described above.
• Use washers and nuts and hand tighten on studs to hold urinal in place. Then tighten nuts evenly. Avoid over-tightening.
• Caution: Do not rock or lift urinal after placement. Seal gasket may slip and not be water tight. Do not double ring for leak repair.
• Using a bucket of water, at least 5 gallons, pour water down urinal drain hole to test seal tightness. Check for leaks on bottom of urinal and wall.
• Caulk urinal, leaving approximately 8” (203mm) on bottom of urinal uncaulked (in case of leakage).

INITIAL START-UP:
Wipe urinal clean with soft moist cloth. Take enclosed plastic EcoTrap® insert. Fill it with water under faucet in sink. Set EcoTrap® insert into trapway. Push down below rim of trapway. Add 3 oz. of BlueSeal® trap liquid. Done! (Note: Plumber’s grease can be used around edges of EcoTrap® insert to ease insertion into trapway.)

CLEANING AND CARE:
Do not use any harsh abrasive cleaners as those can harm the surface effectiveness and thereby void the product’s warranty. NviroClean™ (#1614) is a very effective and efficient cleaner. Simply spray and walk away!
Kalahari™
#2003 (HPC)

**URINAL INITIAL SET-UP**

1. After urinal is installed, test for water tightness by pouring a bucket of water into the open drain hole of urinal. If no water leak is detected, caulk around the urinal, leaving approx. 8” on the bottom of the urinal uncaulked. Wipe urinal clean.

2. Take supplied EcoTrap® and fill with water under faucet in sink. Fill until full or water overflows on bottom.

3. Insert the water filled EcoTrap® into the urinal drain opening. IMPORTANT: then press EcoTrap® by hand below rim.

4. Insert and tighten Portion-Aid measuring device onto BlueSeal® quart bottle. Hold bottle upright. Squeeze bottle to fill Portion-Aid to 3oz. Then simply pour BlueSeal® from Portion-Aid into EcoTrap®. *Done!*

---

**TROUBLESHOOTING**

<table>
<thead>
<tr>
<th>PROBLEM</th>
<th>CAUSE</th>
<th>REMEDY</th>
</tr>
</thead>
<tbody>
<tr>
<td>There is an odor coming from the urinal.</td>
<td>1.) BlueSeal® is depleted. 2.) EcoTrap® is not seated below rim. 3.) Urinal is not connected properly to the drain.</td>
<td>If odor comes from urinal trap, add BlueSeal®. Push EcoTrap® down below rim. If odor comes from below urinal, remove and reset urinal to wall and drain line. Also check floor drain if odor comes from here; if so, add 1 gal of water to floor drain and add 3 oz. of EverPrime™, our great floor drain sealer.</td>
</tr>
<tr>
<td>Trap does not flush/flow.</td>
<td>1.) The EcoTrap® is full. 2.) The drain line is plugged. 3.) The system is double trapped.</td>
<td>Replace the EcoTrap® per Maintenance Instructions. Remove the EcoTrap® and snake the drainline. Remove the drain line trap so that only the EcoTrap® is the trap for the system.</td>
</tr>
</tbody>
</table>
MAINTENANCE INSTRUCTIONS: BLUESEAL REFILL

DO NOT REMOVE TRAP FOR REFILL

One 3 oz. refill will last for approx. 1,500 uses.

No need to refill daily!! See interval chart to the right.

1. Screw the PortionAid onto a BlueSeal® quart bottle.
2. Squeeze bottle to measure out 3 oz. of BlueSeal® into the PortionAid.
3. Pour BlueSeal® directly into EcoTrap® towards back of urinal.

**Task Time: 20 Seconds**

**Cleaning Instructions (Traditional):**
1. Remove any foreign objects and other debris from base of urinal bowl.
2. Use only non-abrasive cleaners and a soft sponge/mop on urinal surfaces for cleaning.
3. Use cleaner on wet sponge, cloth, or mop. Then wipe clean all surfaces of urinal, especially the lower front.
4. Dry all surfaces with a soft cloth or soft rag.

**Cleaning Instructions (NviroClean™):**
1. Remove any foreign objects and other debris from base of urinal bowl.
2. Spray NviroClean™ liberally on urinal surface starting at the top and working your way down to the plastic trap insert. Cleaning should take place once or twice a day or as washroom traffic dictates. DO NOT WIPE OFF OR SCRUB.
3. Do not use any other cleaners while using NviroClean™.

ECOTRAP® EXCHANGE

REMOVE OR EXCHANGE EcoTrap® ONLY WHEN NEEDED, i.e. slow urine flow or pooling. The table below shows approximate intervals.

1. Have the X-Traptor® tool, new EcoTrap®, a plastic bag, and a deodorizer ready and on hand.
2. Insert X-Traptor® into trap slots and engage on knobs.
3. While slowly pulling up, wiggle tool side to side to loosen EcoTrap®. DO NOT PULL STRAIGHT UP! Once the EcoTrap® is removed, spray some deodorizer into the drain.
4. With EcoTrap® still on X-Traptor®, pour liquid contents into the open drain hole of urinal.
5. Deposit used EcoTrap® in plastic bag. Disengage and remove X-Traptor®.
6. Seal the plastic bag and discard in locally appropriate manner.
7. Loosen any sediment accumulation in drain hole with any long object.
8. Pour a full bucket, approx. 5 gallons, of preferably hot water into drain hole of urinal to flush sediments from waste line before inserting new EcoTrap®.
9. Take new EcoTrap® and fill with water under faucet in sink. Then set EcoTrap® insert into trapway. Push EcoTrap® down, below rim of trapway.
10. Add 3 oz. of BlueSeal®. Done!

TASK TIME: 3-4 Minutes

MANUFACTURER’S LIMITED THREE YEAR WARRANTY
Subject to the conditions and discussions set forth herein, Waterless Co. Inc. warrants its No-Flush™ urinals against defects in material or workmanship for a period of three (3) years from date of purchase. Waterless Co. Inc.'s sole obligation under this warranty shall be to repair or replace any part of the product which proves, upon our inspections, to be defective in materials and/or workmanship.

WARRANTY SPECIFIC CONDITIONS:
Failure to comply with any of the following conditions shall void this warranty in its entirety.

1. The attached Warranty Registration Sheet must be fully completed, contain all required signatures and be mailed by the user/purchaser to Waterless Co. Inc. within 30 days of the date of purchase.
2. The urinal must be properly installed and operational instructions must be followed as outlined in the enclosed instructions of each urinal shipment, including the use of only authorized liquids and trap inserts, specifically BlueSeal® and EcoTrap®. Use of any other liquids or trap inserts specifically voids this warranty. Reinstatement fee may apply.
3. Repairs or replacements to the urinals or its component parts must be performed only by authorized representatives of Waterless Co. Inc., or its authorized service technicians.

WARRANTY EXCLUSIONS:
This warranty does not cover damage resulting from transit, accidents, acts of God, misuse, unauthorized repairs, negligence, modifications, tampering, disconnection, improper adjustments, improper care or maintenance, improper installation, and out-of-warranty service.

Any implied warranty of merchantability or fitness for a particular purpose applicable to this product is limited to the duration of this written warranty.

Waterless Co. Inc. shall not be liable for incidental or consequential damages resulting from breach of this written warranty or any implied warranty.

The performance of repairs or needed adjustments shall be the exclusive remedy to the user/purchaser under this written warranty or any implied warranty.

This warranty gives you specific rights. You may have additional rights which vary from state to state. No person shall be authorized to change, add to, or create any warranty or obligation other than set forth herein.

RETURN POLICY:
ALL RETURNS MUST RECEIVE PRIOR APPROVAL BY WATERLESS CO. INC.
Upon receipt of product, note any damages or discrepancies. Please call Waterless Co. Inc. within 10 days of receipt of product to obtain a Return Merchandise Authorization (RMA) form. Complete and return RMA within 48 hours. Return product based upon RMA needs, to be received within 10 days of issuance of RMA. Any delays may cause a reduced or denial of damage or discrepancy. Unless damaged or incorrectly delivered, a re-stocking fee will apply. Return shipping to be paid by customer, unless stated otherwise by Waterless Co. Inc.

To obtain RMA authorization, please call (800) 244-6364 or (760) 727-7723.
