INSPECTIONS REQUIRED

Building inspections are required for the following stages of construction:

FOUNDATION -- before pouring concrete

ROUGH CARPENTRY -- after completion of framing

FINISHED OR FINAL CONSTRUCTION

Foundation includes foundations for manufactured homes.

**Building inspections are required**. (Meade County Ordinance 34)

**Septic system inspections are also required** (Meade County Ordinance 33). An inspection is required after the system has been installed, before backfilling.

To schedule an inspection, **at least 2 business days notice is required**.

*Please ensure that the required state inspections have been completed prior to scheduling your inspection.*

Please call our office to schedule inspections, at 605-347-3818.

*Building inspections are not required for agricultural use structures on agriculturally taxed property.*
