

MEADE COUNTY PLANNING BOARD MINUTES

Meeting # 308

July 17, 2000

Members Present: Dayle Hammock, Bob Powles, Carl Bruch, Wayne Gutzmer, Curt Nupen (alternate)

Members Absent: Bob Mallow, Kirk Chaffee

Motion was made by Mallow, seconded by Gutzmer to approve the minutes of the June 19, 2000, meeting with one typo correction to be made. Vote – unanimous.

Discussion: Larry Fuss, Keith Kuchenbecker, Doug Sperlich, and Dale Hansen approached the Board with a preliminary plat of Fuss Sub, Lots A & B to be known as Hideaway Hills. They plan to put in 150 mobile homes. Three houses already exist, and will be used as rentals. Access is from Highway 79. A 66' dedicated public r.o.w. already exists off East Elm Street. They claim the railroad will allow access and that the Black Hawk Water Association will give them access to their water. Fuss also stated that Rapid City would allow them to pump the sewer into their system. If that isn't workable, Fuss will try to get a state permit, and will know more about that in October.

Dale Hansen presented a letter from the fire department with recommendations for the subdivision. He also stated that they are not asking for any variances and will follow Ordinance 20.

Hammock told Fuss that he must comply with the road width suggested by the fire department, and the department must sign off on it. A written letter shall be presented to the Board.

Goldie Prestjohn, an adjacent neighbor to the proposed subdivision, was present to voice some concerns. She told the Board there is a serious drainage problem in this area already, and she's afraid the streets and blacktop will make the problem even worse; making the water run off faster yet.

Sperlich assured her they have already planned to do dirt work and design the streets in such a way that the water would be diverted away from her property.

Prestjohn was also concerned about the road. She said it once had a 66' r.o.w, but it is now a 55' street. Hammock told Fuss he needs to get that taken care of, too. Fuss stated he has talked to D.O.T. about putting turning lanes in. Hammock told him the Board would need a letter from D.O.T. confirming approval of Fuss's plan.

Motion #1: A motion was made by Gutzmer, seconded by Bruch to approve the sketch plan and that any final plan is contingent upon the sewer, drainage and road issues being addressed in a satisfactory manner. Letters confirming approval on the easement from D.O.T. and the fire department will also be required. Vote – unanimous.

Rick Bush was next to present plats to the Board. The first one was a preliminary of McFarland Plat. Bush informed the Board that all the adjacent landowners have been notified; the roads will be built before the plat is approved, the perc tests are under way, and the lots will be platted to the center of the road.

Motion #2: A motion was made by Powles, seconded by Nupen to approve the preliminary plat. Vote – unanimous.

Siouxland Estates, Lots 14 & 15, was the next plat presented. Bush told the Board that Haggar owns Lot 14, and First Western Bank owns Lot 15. The entire subdivision is commercial; the perc tests have been done, and the section line has been vacated (Pb 431 Pg 374). Dale Hansen will talk to the landowners to convince them to use an existing well rather than drill a new one.

Motion #3: A motion was made by Nupen, seconded by Gutzmer to approve the plat of Lots 14 & 15 of Sioux Land Est. Sub., formerly the unplatted portion of Tract 1R in NWNW of 25-3-6 and NENE of 26-3-6 as final. Vote – unanimous.

Bush then presented a plat of Red Mesa Sub, Lot A revised. This plat is to correct the plat recorded in Pb. 20 Pg. 63, adding .44 acre. Gutzmer noticed that Lot 2 of Alpine Sub will also have to be replatted since the replat of Lot A took acreage from it.

No action taken.

Timi Leeka (for Dave Claseman) was present with Alvin Schaefer to discuss a lot in Rolling Hills owned by Mr. Claseman. Mr. Schaefer is an adjacent neighbor. This area was never subdivided as required by the County (1976). There are 21 lots, 18 of which have been built on. There are three 5-acre lots remaining. They want to plat them so they can be sold. Timi is trying to sell the one for Mr. Claseman.

Nupen suggested that the Board take no action and that Leeka and Schaefer take the problem to the Commissioners at the August 2nd meeting. Schaefer was scheduled for later in the meeting to discuss the same problem. He agreed to go to the commission meeting with Leeka. Nupen stated that the Commissioners in the past were responsible for the problem from the get-go, and that the current commissioners would need to deal with it now.

Motion #4: A motion was made by Gutzmer, seconded by Powles to take no action on the matter and refer it to the Commissioners. Vote – unanimous.

Ralph Greslin was next on the agenda regarding a preliminary plat of Timberleaf Sub, Lot 2. He told the Board he has an agreement with Blucksberg, and the perc tests are being done at this time. A written agreement with the Blucksberg Mountain Paving District was submitted, as was an agreement with the Blucksberg Mountain Water Association.

Hammock informed Greslin the Board would need the perc tests in writing before the septic system could be approved.

Motion #5: A motion was made by Gutzmer, seconded by Powles to approve the plat of Lot 2 of Timberleaf Sub. located in Lot 3 (AKA Gov't Lot 3) in 30-5-6 contingent upon a state-approved septic system. Vote – unanimous.

Rolyn Ludens was present representing Ron Baker and Summerset Sub. He presented two letters to the Board; one from DENR and one from Britton Engineering & Land Surveying regarding the wastewater system.

Bob Heidergerken was present. He stated he had spoken to Randy Nelson with the Rapid City sewer department, and Nelson informed him that Rapid had no plans of running sewer line out to Summerset. He told Heidergerken that the developer and/or a sanitation district would be responsible for all the work and cost of putting in a sewer line to Rapid.

Ludens stated he is planning a sanitation district if Rapid won't take the wastewater. Nupen suggested he form the sanitation district before they get a bunch of landowners in there to complicate matters.

Ludens informed the Board the EPA has already approved a sanitation district, and plans to form one are already underway.

Hammock told Ludens the Board would need written approval from the fire department regarding fire hydrants, a letter from the Black Hawk Water Department, and a final approval letter from DENR.

Motion #6: A motion was made by Gutzmer, seconded by Powles to approve Phase 1 and 1B of Summerset Sub contingent upon the confirmation letters from the fire department, Black Hawk Water and DENR. (Plat of Lots 1 thru 10, Blk. 1; Lots 1 thru 18, Blk. 2; Lots 1 thru 16, Blk 3; Lots 1 thru 13, Blk. 4; Lots 1 thru 3, Blk. 5; Lots 1 thru 11, Blk. 6; Lots 1 thru 24, Blk. 7; Lots 1 thru 7, Blk. 8 (a portion of Lots 1 thru 4 of Blk 8 formerly a part of Lot A of Norman Homestead) of Summerset Sub. located in the NW of 31-3-7 and in the NE of 36-3-6.)

Vote – Bruch voted nay, but motion carried and passed. Plat and recording fees were paid.

Hammock then asked Ludens to ask Ron Baker for a letter stating he's in the process of forming a sanitation district. Ludens said he would certainly do that.

Bob Gerkin did not show up for his appointment.

Next on the agenda was Tim Haggar, regarding Siouxland Estates, Lot 13. He plans to put in a new commercial business, which would consist of an auto parts and repair building and a car wash. He wants to bring water from one of his other lots. He has an engineer working on a lagoon system for the car wash water to drain into.

Gutzmer felt that as long as a lagoon was approved by DENR and designed by an engineer, that should be ok. The Board also suggested to Mr. Haggar that a water system be designed and that it be approved by DENR. They do not want any new wells drilled and prefer that he use water from an existing well. The Board okayed Mr. Haggar's plans.

Darral Oakley was in to ask the Board about commercial property. He would like to store commercial truck trailers on a lot. No buildings would be constructed, and the only improvements would be gravel on the access road and a chain link fence with a locked gate. Mr. Oakley was informed that if he ever wants to build anything there, he would need to have the lot platted first.

The Board okayed Mr. Oakley's plan.

Motion #7: A motion was made by Gutzmer, seconded by Bruch to move into a Board of Variance. Vote-unanimous.

Tracy Gallagher of Midland Heights was in to request a variance for a new garage. A 26' by 30' concrete slab was on the property when they purchased it, and they would like to build a garage for their own personal use on the slab. It did not meet the required setbacks, however. Ms. Gallagher brought in a letter signed by all the surrounding neighbors, and there were no objections to her plan.

Powles informed her the Board would need a letter of approval from the Homeowner's Association. She indicated she would get that.

Motion #8: A motion was made by Gutzmer, seconded by Powles to approve the variance contingent upon receiving the letter from the Homeowner's Association before issuing a building permit. Ms. Gallagher was informed to bring the letter to Audrey or Lorri. Vote – unanimous.

Motion #9: A motion was made by Powles, seconded by Bruch to move out of the Board of Variance. Vote – unanimous.

Jerry Kraft came in late, but brought in the final plat of Kraft Sub. #2, Tracts 1 and 2, located in the N2 SE4SW4NE4 and SW4SW4NE4 of 26-3-6. Landowners have been notified, and Mr. Kraft brought in a copy of the letter and the certified letter receipts.

Motion #10: A motion was made by Powles, seconded by Gutzmer to approve the plat of Tracts 1 & 2 Kraft Sub. #2 in the N1/2SESWNE and SWSWNE in 26-3-6 as final. Vote – unanimous. Plat and recording fees were paid.

Motion #11: A motion was made by Gutzmer, seconded by Nupen to move back into a Board of Variance. Vote – unanimous.

Mick Hurlburt and Greg Krugjohn were erroneously left off the agenda but were allowed to address the Board. Hurlburt would like to purchase 10 acres from Krugjohn. He plans a tree farm there. A portion of the acreage is in the flood plain. He requests a 33' private easement into the east side of the lot.

Powles stated the plat should indicate the lot will be non-residential.

Motion # 12: A motion was made by Powles, seconded by Gutzmer to approve the 33' private easement.
Vote – unanimous.

Motion #13: A motion was made at 3:50 p.m. to adjourn the meeting, seconded by Powles. Vote – unanimous.

Motion was made by Wilson, seconded by Shaver, all Commissioners voted yes to go into executive session due to legal matters.

Motion was made by Nupen, seconded by Shaver, all Commissioners voted yes to go out of executive session and return to regular session.

Hearing was set for 3:30 p.m. for second reading of Revised Ordinance #24 for the Placement of Billboards and Signs.

Motion was made by Wilson, seconded by Nupen, to approve the second reading with amended changes. Voting yes: Mallow, Wilson, Nupen, and Schroeder. Voting nay: Shaver. Motion carried.

Motion was made by Wilson, seconded by Nupen, all Commissioners voted yes to adopt Revised Ordinance #24 for the Placement of Billboards and Signs.

Meeting recessed at 4:00 p.m., and reconvened October 2, 2002, at 9:00 a.m. with Mallow, Wilson, Nupen, Shaver and Schroeder.

Dan Weischedel, Meade County Highway Superintendent, came to update the Board on highway matters.

Motion was made by Wilson, seconded by Nupen, all Commissioners voted yes to approve Applications for Rights of Way. After discussion of whether or not the right-of-ways were legal or not, said motion and second were withdrawn and the same were to be referred back to the utility company. Gordon Swanson, Meade County State's Attorney, will also look into the same.

Motion was made by Schroeder, seconded by Shaver, all Commissioners voted yes to go into executive session due to legal matters.

Motion was made by Shaver, seconded by Schroeder, all Commissioners voted yes to go out of executive session and return to regular session.

Motion was made by Nupen, seconded by Shaver, all Commissioners voted yes to affirm the Highway Department's Supervisor decision on the grievance.

Motion was made by Wilson, seconded by Nupen, all Commissioners voted yes to authorize Dan Weischedel to attend the County Road Advisory Meeting in Rapid City, SD October 24th through the 28th, 2002.

Weischedel informed the Board that Kirk Schuelke would be the new equipment operator in the Opal area.

Gary Lippold, and Dan Stanton from the Department of Transportation came before the Board to discuss the four-lane highway proposal on Highway 34. Discussion was had on the Financial Agreement Between the County of Meade and the State for Federal-Aid Highway Development. Lippold will collect the payments from the landowners by November 15, 2002 to implement the same, and the County will pay in two-year allotments.

Weischedel discussed with the Board a commitment to rebuilding and widening a road on 10-S so it possibly could become a school route. The Board asked whether or not the school board had made a commitment to make it a bus route if the work was done. Weischedel will write a letter to the Meade 46-1 School Board concerning the same.

DeeAnn Ohlsen came before the Board to discuss the Black Hawk Road District. Ohlsen noticed that Piedmont got millings or grinding on their road and was wondering why Black Hawk could not get the same. The Board expressed that portions of Piedmont are on the county road system. Ohlsen is concerned that they will not get enough involvement to get the road district formed in the Black Hawk area.

Meeting recessed at 12:00 p.m. and reconvened at 1:30 p.m.

Erin Hansen, Planning Board Secretary, came before the Board to present plats and variances:
