

Tuesday Rides

The genesis of Whistler Cycling Club rides, Tuesday evenings anchor the club's weekly rides. Riders meet at Whistler Village Sports at 5:15 pm and after a pre-ride briefing depart at 5:30 pm, with departures staggered in groups according to rider ability (A, B, and C level). Rides typically incorporate the Callaghan Road south of Whistler, though also time trials (Individual and Team) in the Pemberton Valley and climbs on local Tour de Whistler hills. Typical rides last a little over 2 hours, cover 50-60 km, and climb 900 to 1000 m. Be prepared for a solid workout and fun paelining, plus the occasional après ride social - particularly on time trial and hill climb evenings. Be sure to read the calendar entry each week to be sure to know where and when to meet, and what to expect.
