

## Customized Photography “Mentorship” Program

by Steve Traudt, Synergistic Visions, Grand Junction

Do you want to make stronger images? Do you desire more personal attention? Is photography for you more than just an hobby? If you answered yes to any of these questions, invest in your artistic growth and move your photography forward with this unique Mentorship program. Working one-on-one with Steve, you'll refine your creative vision, focus your photographic talents and advance your goals.

Your mentorship begins with a comprehensive discussion, analysis and overview of your skills along with an assessment of personal and artistic development: where you are, where you've been and most importantly, where you want to be.

From there you will participate in various personal sessions to advance your skills and creativity. The mentor relationship continues throughout the year via individual in-person, phone, email or video chat sessions, providing the support you need to achieve your goals. It can also include photo assignments, writing assignments, as well as photo reviews and constructive criticism of work in progress.

You'll understand your camera better. Create stronger images. Understand lighting, composition and design. Perhaps you need business advice. Photoshop and Lightroom training. Honest critiques. You control the direction of your training. At the end of our time, you'll have greatly enhanced skills and increased confidence.

Due to the intensive nature of this personalized instruction, only 2 mentorships are available in 2017. Contact Steve to further discuss this opportunity.

#### The Fine Print...

The 12 month period begins, and full payment is due, at initial assessment meeting. The private sessions are at Steve's Grand Junction home office. If you need a session at your house, an additional charge, based on travel distance, will apply. It is the student's responsibility to participate fully in the program and schedule sessions. Benefits not used during the 12 months expire. Sessions run as described and cannot be broken or combined into different segment lengths. No refunds made once program begins nor are benefits transferable.
