Product: Reduced Moisture™ Fire Roasted Green Bell Peppers 1/4" Dice

Scientific Name: Capsicum annuum

Description

Reduced Moisture™ Green Bell Peppers are produced from fresh, firm, well-shaped bell peppers, grown from carefully controlled hybrid seed stock. The peppers are fully cored, sized and then gently dehydrated to remove approximately half the moisture and then fire-roasted to develop typical roasted/grill flavors and passed through our proprietary micro control step then Individually Quick Frozen to preserve a fresh natural flavor, texture and color.

Ingredient Declaration

Green Bell Pepper

Shape & Size

Diced 1/4" x 1/4" (6.4 mm x 6.4 mm)

Standard pack Size Tote

1,100-1,200 lbs. (498.95 – 544.3 kg)

Standard Pack Size Case

40-45 lbs. (18.1 kg - 20.4 kg)

Recommended Storage

For proper storage, containers should be stored unopened at a maximum 0° F (-18° C) or lower.

Shelf Life

24 months when stored at 0° F or below, packed in an original unopened container, starting from the date of production.

Labeling

Each packaging unit is to be labelled with: item sku number, product name, product size, production lot code, net weight, manufactures name, city, state, zip code, "keep frozen -10 degree" and Kosher certificate. Halal upon request.

Lot Code

Five digit lot codes are used to identify the product.

Position of Coding: 12-345

Explanation of Coding:

1st two digit: Year

3rd-5th digits: Julian Date

Ready to Eat Statement

White Oak Frozen Foods' production process for Reduced Moisture™ and Reduced Moisture™ Fire Roasted vegetables include a robust microbiological kill step. All White Oak products pass through our proprietary microbiological kill step validated through a Third Party, ISO 17025 accredited laboratory to ensure compliance with USDA 'Ready-to-Eat' Standards. In conjunction with the validated kill step, all post-kill step processing and packaging areas are maintained at Ready-To-Eat standards, including conveying product through a sealed system into a clean room with HEPA filtered air. The product is immediately individually quick frozen, screened to final size, passed through metal detection and packaged. You are welcomed to visit our processing facility at any time to review these processing systems and the Third Party Validation data.

Certifications

Kosher: Pareve Orthodox Union
Halal: Islamic Food and Nutrition Council of America (IFANCA)

Raw Material

Shall be free from sunburn/sunscald, decay, insect damage, blossom end rot, disease, foreign material or any other deleterious damage or materials.
