

Product: Reduced Moisture™ Fire Roasted Green Anaheim Chili 3/8” Dice

Scientific Name: Capsicum annuum

Description

Reduced Moisture™ Fire Roasted Green Anaheim Chili Peppers are produced from fresh, well-shape chili peppers which have consistently low Scoville heat levels. The chili peppers are destemmed, washed, sized and gently dehydrated to remove approximately half the moisture and then fire-roasted to develop typical roasted/grill flavors and passed through our proprietary micro control step then immediately Individually Quick Frozen to preserve a natural flavor, texture and color.

Ingredient Declaration

Anaheim Green Chili

Shape & Size

Dice 3/8” x 3/8” (9.53 mm x 9.53 mm)

Standard pack Size Tote

1,100-1,200 lbs. (498.95 – 544.3 kg)

Standard Pack Size Case

40-45 lbs. (18.1 kg - 20.4 kg)

Recommended Storage

For proper storage, containers should be stored unopened at a maximum 0° F (-18° C) or lower.

Shelf Life

24 months when stored at 0° F or below, packed in the original unopened container, starting from the date of production.

Labeling

Each packaging unit is to be labelled with: item sku number, product name, product size, production lot code, net weight, manufactures name, city, state, zip code, “ keep frozen -10 degree” and Kosher certificate. Halal upon request.

Lot Code

Five digit lot codes are used to identify the product.

Position of Coding: 12-345

Explanation of Coding:

1st two digit: Year

3rd-5th digits: Julian Date

Ready to Eat Statement

White Oak Frozen Foods’ production process for Reduced Moisture™ and Reduced Moisture™ Fire Roasted vegetables include a robust microbiological kill step. All White Oak products pass through our proprietary microbiological kill step validated through a Third Party, ISO 17025 accredited laboratory to ensure compliance with USDA 'Ready-to-Eat' Standards. In conjunction with the validated kill step, all post-kill step processing and packaging areas are maintained at Ready-To-Eat standards, including conveying product through a sealed system into a clean room with HEPA filtered air. The product is immediately individually quick frozen, screened to final size, passed through metal detection and packaged. You are welcomed to visit our processing facility at any time to review these processing systems and the Third Party Validation data.

Certifications

Kosher: Pareve Orthodox Union

Halal: Islamic Food and Nutrition Council of America (IFANCA)

Raw Material

Shall be free from sunburn/sunscald, decay, insect damage, rot, disease, foreign material or any other deleterious damage or materials

Product Attributes

Sensory Requirements:

Texture: Tender, not mushy

Flavor: Typical mild chili flavor

Aroma: Typical Anaheim chili odor

Color: Light green to green, typical of fresh Anaheim chili pepper with charred edges, free flowing dices

Physical Requirements:

Property	Limit(s)	Method
Particle Size	3/8" x 3/8"	Caliper/Sieve
Major Defect:(Leaf, rot, decay, black pieces):	1% by weight /200g	Visual
Minor Defect: (light brown pieces):	2 pieces maximum/200g	Visual
Calyx & Stem:	0.5% maximum	Visual

Chemical Requirements:

Property	Limit(s)	Method
%Solid	Range: 12-16%	CEM Microwave Oven

Biological:

Property	Max	Method
Aerobic Plate Count	<50,000 cfu/g	AOAC 990.12 Petrifilm
Yeast	<200 cfu/g	AOAC 997.02 Petrifilm
Mold	<200 cfu/g	AOAC 997.02 Petrifilm
Coliform	<100 cfu/g	AOAC 991.14 Petrifilm
E. Coli	<10 cfu/g	AOAC 991.14 Petrifilm
Listeria Monocytogenes	Negative/25 g composite	AOAC 2004.02
Salmonella	Negative/375 g composite	BAM ONLINE CHP 5, AOAC 998.09, 2004.03,2011.03

Additional Tests: Available upon request of customer

Nutritional Information

These values are derived and/or compiled from commercially available databases (including USDA National Nutrient Database for Standard Reference SR-23 (2010)), laboratory analyses, and calculation. They are provided to you as an aid in product development work, but should not be the sole source used to determine your nutritional labeling in accordance with CFR Title 21 section 101.9. Each "≈" indicates a missing or incomplete value.
