Dear Baan Dek Partners,

2016 has been a great year at Baan Dek, a year of innovation, growth and impact.

**Innovation:** as you can see in this report, we have launched new, exciting programs to make sure we keep targeting our work to the specific needs of the kids we support.

**Growth:** our budget increased significantly thanks to the continued support of individual partners and to the enthusiastic engagement of new corporate partners.

**Impact:** most importantly, we have been able to support well over 1,000 children. Our (more and more robust) monitoring tools show that in many cases we really made a difference in their lives.

This report gives you more information on all the above, and gives us the opportunity to thank you for your fantastic, loyal support!

All the very best,

Nicola Crosta

1. OUR IMPACT IN 2016

1166 VULNERABLE CHILDREN RECEIVED SUPPORT IN EDUCATION, HEALTHCARE AND SAFETY ACROSS 26+ COMMUNITIES.

**EDUCATION**
- 98% of kids supported were enrolled in school.
- 600+ school sets provided directly to the children.

**HEALTH**
- 80% of kids are conformed with vaccinations.
- 900+ hygiene sets provided.

**SAFETY**
- 150+ children identified as in critical situations and then received highly tailored support services.
- 207 Baan Dek Foundation has improved the community living environment benefitting over 207 children.
- 600 diplomas achieved by children marking their completion of 46 Safety life skill sessions.

520+ sessions delivered on field.
55 Health life skill sessions provided on field.
A new, key partnership with UNICEF Thailand will identify the essential needs of migrant children living in construction sites and provide models for private and public sector partners to help address those needs.

To foster better cooperation, participation and commitment to improving the lives of migrant workers and their children, we have developed new partnerships with top construction companies in Thailand.

- **22** communities of construction workers reached
- **15** partnerships with construction companies
- **23** stakeholders workshops with construction managers
T. and M. are husband and wife construction workers who moved from Myanmar to Chiang Mai almost four years ago. They are both hard workers, and last June 2016 they gave birth to a healthy baby boy at the hospital.

Both have documents and health insurance supported by their employers, but because they didn’t understand how Health Care Insurance works they incurred sizable debts, and didn’t get any documents from the hospital for their little boy.

After identifying them during an after-school activity in their camp, our Social Advisor delivered tailored counseling and support to organize with the Health Insurance Office to recover the delivery costs and free the parents of their debts. We then supported them in the process of obtaining a birth certificate and health card for their son.

Through these partnerships, we are able to enrich families’ lives by facilitating migrant workers’ access to essential health services.
3. NEW PROGRAMS

WE HAVE INTRODUCED 3 NEW PROGRAMS THAT FOCUS ON PROVIDING ESSENTIAL KNOWLEDGE AND LIFESKILLS TO ADDRESS THE NEEDS OF MIGRANT WORKERS AND THEIR CHILDREN.

MIGRANT EMPOWERMENT PROJECT

MEP delivers awareness sessions in the construction sites on how migrant communities can access their fundamental rights and essential social services in a sustainable way. We train parents and youths to become ‘Peer Educators’ and deliver knowledge and counselling in their communities, and the new communities they migrate to.

UPSTART

Improving English Engaging Ambition

This innovative program features English language training through real-life career talks by local Thai professionals. The goal is to improve public school children’s ability in English while exposing them to positive and diverse career role models.

E-SUPERHEROES ACADEMY

Digitalization to reach more kids with greater impact and improve monitoring and evaluation

We are piloting an e-curriculum that will provide migrant kids with life-saving knowledge and support their access to essential education, health and safety services.

MIGRANT EMPOWERMENT PROJECT

- 80 Peer Educators trained.
- 1,200 attendance recorded in awareness sessions.
- 141 hours of life skill trainings delivered through the overall MEP program.

Peer Educators

- 65% Thai Yai
- 6.7% Thai
- 10% Burmese
- 11.7% Palong
- 5% Mon
- 1.7% Khmer

UPSTART

- 380 N° of attendance at UpStart sessions.
- 9 N° of English language sessions conducted.
- 8 Guest speakers from the Chiang Mai area.
4. INTRODUCING DIGITAL IMPACT MONITORING

We have built and implemented a new centralized monitoring system that uses tablets to directly send data from the field on to Salesforce. This cloud-based technology for data storage and analysis allows us to gather more data about our work and our beneficiaries, thereby ensuring an effective and efficient tracking of our projects’ progress and impact.

5. Products 4 Good

To support Baan Dek Foundation’s fundraising needs, we have worked with great designers to develop a range of products including bags, t-shirts, pencil cases and more. 100% of the proceeds from Products4Good support Baan Dek programs, helping to improve the lives of migrant children and families in critical situations.

ONE KID = ONE BOLT
A bolt on a bracelet to support a child’s access to Education, Health and Safety.
Over 2016, individual donors continued to bring essential support to the foundation. Major contributions were also generated through new CSR initiatives and agreements with additional institutional partners.

The increase in donations allowed the team to develop and implement new programs like the MEP and Upstart. 100% of donations are dedicated to Baan Dek programs that directly support vulnerable children in Thailand.

**Funds Allocation**

- **By Type of Support**
  - 10% Healthcare
  - 30% Food
  - 7% Housing
  - 49% Education
  - 4% Others

- **By Program**
  - 17% Individual Support
  - 25% Blueprints
  - 4% Smile Holidays
  - 11% Nursery
  - 19% Migrant Empowerment Project
  - 18% (Digital) Super Heroes Academy
  - 6% UNICEF Documentation Project

**Individual Partners**

**Institutional Partners**
