

Pilates Waiver & Consent Form

By signing below, I do hereby voluntarily consent to an exercise program as outlined by the Classical Pilates method and the certified Pilates instructors and apprentices at Clasique. I, the undersigned, knowingly and voluntarily assume any and all risks of, and take full responsibility for, any personal injury, death and/or damage to personal property that may arise from services and/or products received by me in connection with Brooke Tyler, Clasique Pilates' certified instructors and all Clasique Pilates' apprentices.

I understand that Classical Pilates is a form of physical activity with the purpose of increasing my body awareness, core strength, balance, breath control, overall strength, flexibility, and postural alignment. I understand that whether I am working in a private session, semi-private session, group mat class or group equipment class, my instructor has my best interest in mind and **I will communicate** if an exercise is uncomfortable or I do not feel well at any time. **I agree to listen** to my instructor and heed all warnings, cautions, and instructions during all sessions/classes to ensure my safety. I understand that exercise on Pilates equipment and the mat work has risks, I accept these risks, and do not hold the instructor or studio responsible should any injury result for any reason.

I do not hold my Pilates instructor responsible for any physical ailments as a result of workouts in the studio, or as a result of any exercises performed outside the studio under the recommendation of Clasique instructors or apprentices. To my knowledge, I have neither limiting physical conditions nor disability that would preclude an exercise program. I recognize that exercise carries some risk to the musculoskeletal system (sprains, strains) and the cardio-respiratory system (dizziness, difficulty breathing, heart strain). I hereby acknowledge and accept these risks. I hereby certify that I know of no medical problem (other than those noted below) that would increase my risk of illness and injury as a result of participation in a regular exercise program.

Relevant medical injuries/surgeries/physical abnormalities (if any):
