TEMPLE UNIVERSITY TO SIGN DINING SERVICES CONTRACT WITH ARAMARK

PHILADELPHIA, PA- October 11, 2016- Today, Temple University announced Aramark as the new dining services partner to the university. The 15-year agreement will go into effect on July 1, 2017. The Board of Trustees approved this agreement after a yearlong decision process that included students, faculty and staff. Temple and Aramark will work together to provide first priority to the current food-service employees to keep their positions at Temple. Contract negotiations are ongoing and more information will be released when the agreement with Aramark is finalized.

Temple Student Government is excited about the opportunity this decision holds for the University. TSG will continue to engage with all stakeholders throughout the transition process and will work with students to answer any questions or concerns.
