

Connecting to health exchanges is a difficult and time consuming undertaking, fraught with unexpected pitfalls. RosettaHealth™ Exchange QuickStart takes the risk and cost out of connecting to any health exchange or trust network. Our experienced team will streamline the integration effort, guide your team through the integration activities, and connected in days.

Connect to any Health Exchange

Each exchange has their own on-boarding processes, uses a wide variety of protocols and standards, and operational procedures. We are experts at connecting health exchanges. Using our RosettaHealth™ platform, we will connect you to any existing trust network (e.g. DirectTrust, eHealth Exchange, Commonwell, Carequality), HIE/ACO, or a new exchange.

Fixed Price Implementation

Budgeting to connect to a health exchange is simply too difficult. Enough is enough! No more cost over runs. No more surprises. We have fixed the price, guarantee no extra cost, and set the price to be highly affordable.

Operational in 30 Days

RosettaHealth™ Exchange QuickStart takes away all the uncertainty about the length of time to complete the on-boarding process for any exchange. Our well defined, deterministic, proven plan coupled with our expert staff will guide and ensure timely completion of all the technical and business processes within 30 days.
