

## **It List: Antique Flea Market, Brad Pitt's Electric Facial and the Best Places to Shop**

### **Brad Pitt's Electric Facial**

Ever heard of Iderm facial treatment? It's an alternative skincare treatment that's fancied by Hollywood celebrities including Cindy Crawford, Bette Midler and Brad Pitt. It uses "a natural, low-level form of electricity to infuse the skin with restorative vitamins and minerals." Owner Jody Leon brought the treatment to the Northwest in 2009 and is still the area's sole provider of the electrotherapy skincare. Leon's skincare studio, [Dermaspace](#), is located in downtown Seattle.
