

Funding for charity work is always needed. At Starfish Malawi we receive funds through various ways, one of which is our Corporate Partnership programme. We are delighted that Self Assured Underwriting Agencies Ltd have become a partner this year. We are also in discussion with other corporates in the insurance industry about becoming partners with us. There are different strands of fund raising which can suit small or large organisations, so please contact us if you would like to be involved.

Before joining Starfish, I worked as an insurance broker for over 40 years and ran my own insurance broking business, providing insurance advice to many churches, charities and Christian organisations.

I am now retired but wanted to do voluntary work for a charity. In September 2016, God prompted me to contact Chris Knott at Starfish at just the time that they were looking for help with Fundraising and Marketing. I am really enjoying the work and was so pleased to be able to visit the projects in Malawi in April 2017.

In my role as Head of Fundraising for Starfish Malawi, I am privileged to be in a position to help raise the funds that are needed for the projects that we do in Malawi, which make such a difference to the lives of children and their communities.

Peter Bell
