

Hello Children,

In this newsletter we are going to look at one of our new nursery schools in Malawi. It is called “**Moyo**”

This is Moyo Nursery School. This picture is of the teachers and some of the children.

In this picture the children are learning their letters.

Do you know the three letters in the picture? Can you name the word that the teacher is pointing to?

In this picture the children are learning about different shapes.

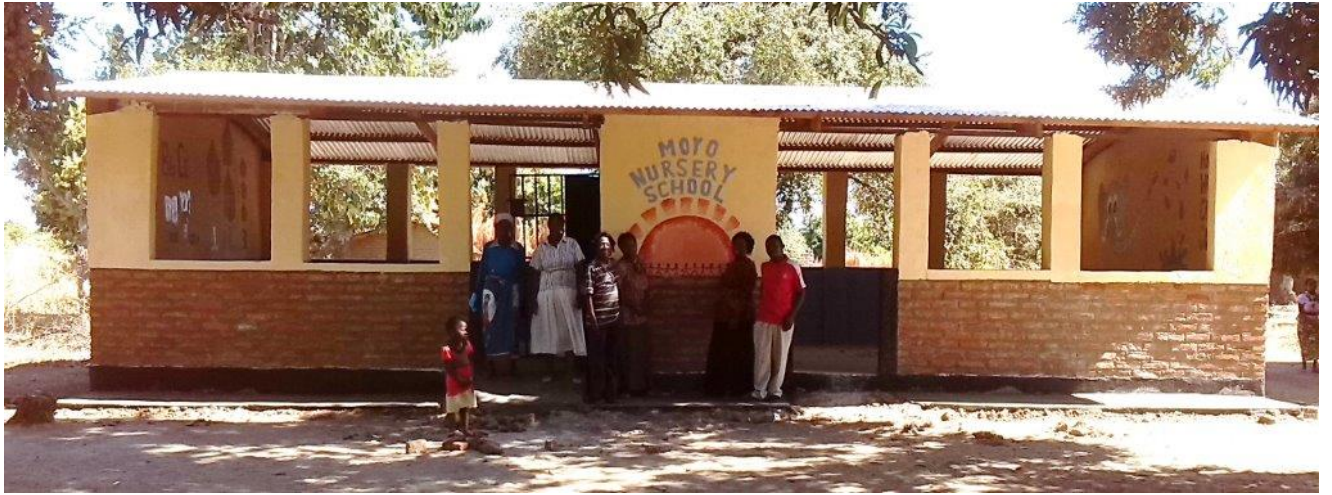

Can you name any of the shapes in the picture?

In this picture the children are learning how to count.

The teacher asks.... "How many waterdrops can you count?"

Can you help the children count the waterdrops?

Moyo Nursery is supported by Starfish Malawi.
