MARCH

2017

## SPRING PLANNING AND ACTIVITIES

*March is a time of preparation and making connections for the future.*

**ArtsCharlotte** Core Team is engaged in a comprehensive strategic planning for how we will “nurture the soul of the city through the arts.”

**The Film Project** is in pre-production phase—the development of the “film treatment;” the completion of the “short” (introductory film); the preparation for the raising of the funds required to do the film. This is tedious, but so necessary.

**Books for Publication** is taking much of my time. I must do all the preparation for the expanded version of *I Choose to Forgive* and submit it to the publisher. Also, I am working on the second book—with an entirely new strategy and focus.

**Encouraging Artists** by meeting with them, listening to them and praying for them.

**Please Pray for these Projects!**
