

Teacher Checklist

- 1) Go to <http://www.fisheyeproject.org/worldoceansday/> to access our downloadable teacher materials. Including a slideshow, video, ocean facts, and classroom activities.
- 2) Prepare your students by going through the slideshow & short intro video with them. We have previous live dives that can be viewed on our youtube channel (below), or from our [website](#). Maybe even watch [the inspirational Ted talk](#) by Sylvia Earle “My wish: Protect our oceans” (20 minutes)
- 3) Prepare some class questions to ask the divers.
- 4) On June 8th, join us on Youtube for the Live Dive. Links to both dives (11:00 am & 1:00 pm) are accessible on our [website](#) (as listed above.)
- 5) Ask your questions using
 - the YouTube comments section (note: this has been slow in the past due to high volume of questions, so other options might be better)
 - Facebook <https://www.facebook.com/events/1565009523798383/>
 - Twitter **@fisheyeproject #LiveDive**
- 6) Share a photo of your experience with us on Facebook, Twitter or email for a chance to win a prize!
- 7) Do some of the follow up activities and dig deeper activities found on our website and aimed to connect the dive to the curriculum. We encourage you to share your stories, and videos about the ocean and mock dives with us.
- 8) Donate to Fish Eye Project if you can to support future dives through Paypal [here](#)
- 9) Stay connected to Fish Eye Project for our next Live Dive in the fall which will document a salmon run!

Please note that we are looking for sponsors that will enable classes to join for free. There are some free spots available, but more sponsors will make it accessible to more people. If you know someone please contact us at info@fisheyeproject.org.

We look forward to seeing you soon!
