What a great first year of the Woburn Challenge relaunch! Thank you to everyone for participating in the online contests and helping us revive this meaningful computer science tradition. We hope you found our problems to be both fun and challenging. For the future, we hope to incorporate all the feedback you have sent us to make these challenges an even more engaging experience. Finally, we ask you to please help spread the word about the contest during the next season.

For this online round, we found the problems to be challenging but fair. In the junior division, a majority of competitors were able to solve the first two problems, with a handful of competitors attaining partial marks on the last two. In the senior division, the challenging problems involved dynamic programming and segment trees yet again. Both divisions had some perfect scores, and we were forced to break these ties by time.

The senior division prizewinners for this round are:

1. **Timothy Li** of Don Mills Collegiate Institute (\$200)
2. **Jason Yuen** of Pierre Elliott Trudeau High School (\$100)
3. **Ahmed Sabie** of Glenforest Secondary School (\$50)
4. **Jeffrey Xiao** of University of Toronto Schools (\$50)
5. **Bill Zheng** of Richmond Green Secondary School (\$50)

The junior division prizewinners for this round are:

1. **Max Li** of Thornhill Secondary School (\$50)
2. **John Phillips** of Lisgar Collegiate Institute (\$25)
3. **Alexander Kursell** of Thornhill Secondary School (\$25)

Congratulations! These prizes will be distributed as Visa gift cards, and we will be contacting your teachers shortly about sending them out. Remember that we will have many prizes in the finals as well as for next year, so keep on practicing! Problems and solutions for this round are now posted at: woburnchallenge.com/past-contests. Once again, we thank all of you who participated, as well as teachers for sharing this with your students.

Students who have qualified their schools for the final on-site round in May will receive an email by April 13th with instructions. Teacher contacts listed by these students will be sent instructions on registration, and students should confirm with their teachers.

That's all, and stay tuned in September for news about our 2016-2017 season.

Sincerely,
The Woburn Challenge Team
April 10, 2016
