

CURIO

## About Curio

Curio is a neighborhood spot in a community market that has a drink for everyone. Curio's home is the Denver Central Market in RiNo. We are the center hub of the communal area, so we have a huge role in making people feel at home and setting the tone for their experience. Hospitality is our main focus. We hope to become a neighborhood favorite and the best spot to meet friends, family, or a date.

Curio bar is owned by husband-wife duo Stephen Julia & Katsumi Yuso Ruiz and industry veteran Stuart Jensen.
