What does it mean to be a craft cocktail bar in Asia?

Being housed in Singapore, a country known to be a melting pot of cultures, we began to ask ourselves the question: what does it mean to be a craft cocktail bar in Asia? We want our cocktails to be inspired by the region we are in, whilst maintaining universal relevance.

In this edition of Gibson's cocktail menu, we explore ingredients that strike a chord with us – some are flavours we grew up with, and some we discovered on our travels around Asia. These ingredients add a new dimension to our cocktails which can be enjoyed by everyone no matter where they are from.

The Gibson

Redefining our namesake cocktail with the Japanese ethos of simplicity and perfection. Dry, full of umami, and a hint of fruitiness.
