

# ISFP

The 5th World congress of the  
**INTERNATIONAL SOCIETY FOR FERTILITY PRESERVATION**  
 Vienna, Austria | November 16-18, 2017

**Prof. Dror Meiorow**  
 President ISFP, Congress  
 Chairperson

**Prof. Hamish Wallace**  
 ISFP Executive Committee,  
 Congress Co-Chairperson

**Prof. Marie Madeleine Dolmans**  
 ISFP Executive Committee,  
 Congress Co-Chairperson

**"YOU CAN'T MISS  
 THIS CONGRESS"**

## SCIENTIFIC PROGRAM

### Friday November 16, 2017

#### 09:00 - 12:00 Workshops (3 simultaneously)

**A Cryopreservation of Ovarian tissue Hands on lab and clinics,** tissue collection, lab preparation and tissue freezing, methods for MRD, transplantation techniques  
**Marie-Madeleine Dolmans**, Belgium, **Meiorow group**, **Mikkel Rosendahl**, Denmark (cow ovaries)

**B Meet the expert- discussion on FP Clinical cases submitted by the workshop participants-**  
**Hamish Wallace**, UK, **Michael von Wolff**, Switzerland, **Pedro Barri**, Spain, **Dror Meiorow**, Israel. Moderator **Hila Raanani**, Israel.

**C Fertility Sparing Endoscopic surgery: Endometriosis, ovarian surgery, fibroids, adenomyosis, Gyneco-oncology**  
**Tommaso Falcone**, USA, **Jacques Donnez**, Belgium

#### 15:30 - 17:00 Session 1: Fertility Preservation – Why?

15:30 - 15:45 Welcome remarks

15:45 - 16:10 The effects of cancer treatment on future fertility – clinical aspects  
**Clarissa Gracia**, USA

16:10 - 16:35 Candidates to Fertility preservation procedures, what is the limit: age or ovarian reserve parameters?  
**Richard Anderson**, UK

16:35 - 17:00 Ovarian Biological clock rhythm and its effects on follicle reserve  
**Dror Meiorow**, Israel

#### 17:30 - 18:30 Session 2: Stem cells and In vitro gametes growth

17:30 - 17:50 Growing old eggs and making new ones  
**Evelyn Telfer**, UK

17:50 - 18:10 The effects of toxic agents on gametes genetic integrity  
**Gerald Schatten**, USA

18:10 - 18:30 Development, sex differentiation and clonal expansion of PGS to create primordial follicles and spermatogonia. Scenarios for in vitro gametogenesis.  
**Stefan Schlatt**, Germany

#### 19:30 - 20:30 Welcome Reception at Vienna City hall (Rathaus)

### Saturday November 17, 2017

#### 08:30 - 10:30 Session 3: Breast cancer symposium

08:30 - 08:50 Adjuvant hormonal therapy in premenopausal women – State of the art  
**Olivia Pagani**, Switzerland

08:50 - 09:10 Current treatment approaches in BRCA associates Breast cancer  
**Bella Kaufman**, Israel

09:10 - 09:30 Pregnancy in breast cancer patients: timing, safety, and treatment approaches (during & post cancer)  
**Fedro Peccatori**, Italy

09:30 - 09:50 Fertility preservation and infertility treatments in breast cancer patients. How to stimulate and what are the outcomes. PGD  
**Michael von Wolff**, Switzerland

09:50 - 10:10 Dealing with menopausal symptoms in breast cancer patients  
**Christian Egarter**, Austria

10:10 - 10:30 Discussion

#### 11:00 - 13:00 Session 4A: Fertility preservation in benign gynecological conditions – Endometriosis and Fibroids

11:00 - 11:20 Surgical Management of Endometrioma and its' effect on ovarian reserve  
**Tommaso Falcone**, USA

11:20 - 11:40 Endometriosis and fertility preservation :from surgery to oocyte and ovarian tissue cryopreservation  
**Jacques Donnez**, Belgium

11:40 - 12:00 Oocyte freezing in endometriosis patients- Oocyte quality and quantity-  
**Juan Garcia Velasco**, Spain

12:00 - 12:20 Prevention of Fibroids occurrence in young predisposed women.  
**Erica Marsh**, USA

12:20 - 12:40 Overview of non-surgical uterine fibroids management-reproductive considerations.  
**TBA**

12:40 - 13:00 Discussion

#### Session 4B: Oocyte and embryo freezing

Oocyte cryopreservation: "Robots" versus human - Comparing automated vitrification outcomes  
**Zsolt Peter Nagy**, USA

Oocyte freezing and ovarian tissue cryopreservation. Comparing results of these two methods in one center  
**Antonio Pellicer**, Spain

Social oocyte freezing – Is it really ensuring?  
**Patrizio Pasquale**, USA

Debate: Is there a place for IVM in fertility preservation?  
 Pro: **Michael Grynberg**, France  
 Con: **TBA**  
 Discussion

14:00 - 15:30	<b>Session 5A: Male</b>	<b>Session 5B: Fertility preservation in Gynecology – malignant conditions</b>
14:00 - 14:20	The effects of cancer treatment on male infertility <b>Kirsi Jahnukainen</b> , Finland	Fertility preservation in young patients with endometrial cancer <b>Kazem Nouri</b> , Austria
14:20 - 14:40	Sperm banking in oncofertility <b>Herman Tournaye</b> , Belgium	Fertility preservation in young patients with cervical cancer- <b>Catherine Uzan</b> , France
14:40 - 15:00	Fertility restoration in prepubertal boys: Perspectives with testicular tissue <b>Christine Wyns</b> , Belgium	The effects of radiotherapy on the uterus <b>TBA</b>
15:00 - 15:20	Propagating spermatogonial cell population for stem cell transplantation. <b>Ans Van Pelt</b> , The Netherlands	Uterine transplantation <b>Mats Brännström</b> , Sweden
15:20 - 15:30	Discussion	Discussion
16:00 - 17:30	<b>Session 6A: Free communication I ( basic)*</b>	<b>Session 6B: Organizing the services of fertility preservation</b>
16:00 - 17:20		Fertility preservation network for both sexes <b>Michael von Wolff</b> , Switzerland
16:20 - 16:40	10 min lectures followed by 5 min discussion	Fertility preservation regulations for using oocytes, embryos and ovarian tissue <b>Françoise Shenfield</b> , UK
	Best 3 posters	Patient selection criteria and indications   Storing ovarian tissue for genetic disorders and hormonal replacement <b>Mikkel Rosendahl</b> , Denmark
16:40 - 17:00	<b>Outi Hovatta</b> , Sweden head of basic science committee	Ethics on age related fertility preservation <b>Guido Pennings</b> , Belgium
17:00 - 17:20		Discussion
17:20 - 17:30	Discussion	
17:30 - 19:30	<b>Session 7: Reimplantation of ovarian tissue</b>	
17:30 - 18:40	Video presentation: Transplantation of ovarian tissue techniques - Different group presentations. <b>Jacques Donnez</b> , Belgium, <b>Sherman Silber</b> , USA, <b>Dror Meirou</b> , Israel, <b>Mikkel Rosendahl</b> , Denmark, <b>Matthias Beckmann</b> , Germany . Presentation of registry results. <b>Cesar Diaz</b> , France Moderator <b>Zev Rosenwaks</b> , USA	
18:40 - 19:00	Safety of ovarian tissue transplantation <b>Marie-Madeleine Dolmans</b> , Belgium	
19:00 - 19:30	Xenografting is it a realistic possibility? <b>Ralf Dittrich</b> , Germany	

### Saturday November 18, 2017

09:00 - 11:00	<b>Session 8: The effects of chemotherapy on the ovary- Mechanism and protection</b>	
09:00 - 09:20	Mechanism of ovarian damage induced by chemotherapy. <b>Hadasa Roness</b> , Israel	
09:20 - 09:40	Assessment of ovarian reserve in healthy female and after exposure to toxic agents <b>Hamish Wallace</b> , UK	
09:40 - 10:00	The artificial ovary for storing fertility and reducing cancer cells contamination <b>Christiani Amorim</b> , Belgium	
10:00 - 10:10	Discussion	
10:10 - 10:30	Debate Medical protection by GnRH agonists	
10:30 - 10:50	Pro: <b>Zeev Blumenfeld</b> , Israel	
10:50 - 11:00	Con: <b>Isabelle Demeestere</b> , Belgium	
	Discussion	
11:30 - 13:30	<b>Session 9: Free communication II (clinical)</b>	
	10 min lectures followed by 5 min discussion Best 3 posters <b>S. Samuel Kim</b> , USA, head of clinical science committee	
	Discussion	
14:30-16:20	<b>Session 10: Storing ovarian tissue</b>	
14:30 - 14:50	Debate: Slow freezing vs. vitrification	
14:50 - 15:10	Slow freezing- <b>Debra Gook</b> , Australia	
15:10 - 15:20	Vitrification- <b>Nao Suzuki</b> , Japan	
	Discussion	
15:20 - 15:40	Are there any methods to improve transplantation outcome? <b>S. Samuel Kim</b> , USA	
15:40 - 16:00	Fertility preservation results with vitrification of ovarian tissue <b>Sherman Silber</b> , USA	
16:00 - 16:20	<b>Announcement of Award Winner (clinical and basic), future ISFP Activities and the new president elect. Closing Remarks</b>	

## LOCAL ADVISORY BOARD

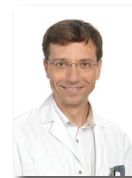

**Univ. Prof. Christian Egarter**  
Austria  
Head: Dept. Gyn. Endocrinology and Reproductive Medicine

**Univ. Prof. Klaus Mayerhofer**  
Austria  
Deputy: Dept. Gyn. Endocrinology and Reproductive Medicine

**Univ. Prof. Kazem Nouri**  
Austria  
Head of IVF Clinic Dept. Gyn. Endocrinology and Reproductive Medicine

**Prof. Michael von Wolff**  
Switzerland  
University Women's hospital, Division of Gynecological Endocrinology and Reproductive Medicine
