In conjunction with the Chicago Medical Society, The Chicago Urological Society Presents

GLOBAL HEALTH

01/06/2016
University Club of Chicago

Also featuring:
Annual Resident Essay Contest
Robotics Simulation Lab

John T. Grayhack Lecturer: Catherine deVries, M.D., FACS, FAAP
Primary Children’s Medical Center
University of Utah

Target Audience: Urologists
**EDUCATIONAL NEEDS**

With the increasing ease of travel, information, and access, global health issues are more readily identified and addressed. The needs have always been present, but the increasing ease of access and information have allowed more urologists to participate in global health endeavors across the planet. Practicing urologists have more opportunities to participate and give back to communities through multiple organizations and should be familiar with the challenges that these programs and physicians face when traveling abroad.

---

**DESIRED LEARNING OUTCOMES**

At the conclusion of this meeting, the attendee should be able to:

1. Assess technical details, results, outcomes, and complications associated with vesicovaginal fistula repairs as it relates to global health procedures abroad
2. Identify the local challenges in organizing a urological mission trip
3. Describe the circumcision initiative in Africa and the details regarding how it prevents HIV infection to the local population
4. Consider participation in a global health urological mission trip through the IVU (International Volunteers in Urology)
5. Relate the risks of global health mission trips to the health care providers when traveling abroad
6. Recognize and treat patients with vesicovaginal fistulas

---

**CME INFORMATION**

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Chicago Medical Society and the Chicago Urological Society. The Chicago Medical Society is accredited by the ACCME to provide continuing medical education for physicians.

The Chicago Medical Society designates this live activity for a maximum of 3.25 **AMA PRA Category 1 Credit(s)**™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

---
