In conjunction with the Chicago Medical Society, The Chicago Urological Society Presents

Health Policy

03/02/2016

University Club of Chicago

Keynote Address: William F. Gee, MD, FACS
University of Kentucky College of Medicine
President of the American Urological Association

Target Audience: Urologists
Educational Needs

There is an information deficit that exists amongst urologists surrounding recent legislation in the Medicare payment system. This meeting will identify key issues in health policy that directly impact the daily practice of urology. Many changes are currently underway, including the transition to ICD-10, the need for advanced practice providers as a result of workforce shortages in urology, transition to alternate payments models with the new SGR reform legislation (MACRA), and the utilization of telemedicine.

A thorough understanding of these changes will allow the urologist to consider strategies in his or her practice to adjust to recent legislation. The use of advanced practice providers in the face of workforce shortages, the transition to ICD-10, and the transition to alternate payment models will be discussed in depth as adaptation to these recent legislative changes are necessary for all practitioners.

Desired Learning Outcomes

At the conclusion of this meeting, the attendee should be able to:

1. Restate recent events surrounding Obamacare and the impact on daily urology practice
2. Review the current workforce challenges in urology and adaptations in practice that will need to be made to meet these challenges
3. Evaluate the issues surrounding the transition to ICD 10 and the impact on coding, billing, efficiency and reimbursement
4. Identify the major issues in the transition from fee for service to alternate payment models over the next 5 years as a result of SGR reform legislation (MACRA)
5. Assess the current utilization of telemedicine as a means to communicate between physician to physician or physician to patient
6. Recognize effective and profitable integration of advanced practice providers into the urology practice and the advantages of this for efficiency and cost

CME Information

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Chicago Medical Society and the Chicago Urological Society. The Chicago Medical Society is accredited by the ACCME to provide continuing medical education for physicians.

The Chicago Medical Society designates this live activity for a maximum of 4 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Faculty List

Daniel Garvey, MD
Visiting Assistant Professor of Urology
The University of Illinois at Chicago College of Medicine
Chicago, Illinois

Dr. Garvey has disclosed that he does not have any relevant financial relationships with commercial interests.

William Gee, MD, FACS
Clinical Professor of Surgery (Urology) and President of the American Urological Association
University of Kentucky College of Medicine
Lexington, Kentucky

Dr. Gee has disclosed that he does not have any relevant financial relationships with commercial interests.

Christopher Gonzalez, MD, MBA, FACS
Chairman, Department of Urology
UH Case Medical Center
Cleveland, Ohio

Dr. Gonzalez has disclosed that he does not have any relevant financial relationships with commercial interests.

Kevin McVary, MD, FACS
Professor and Chair, Division of Urology
Southern Illinois University School of Medicine
Springfield, Illinois

Dr. McVary has disclosed that he is a consultant for Allergan and Lilly, is a principal investigator for NkThera, NIDDK, Astellas, AMS and Sophiris and a patent holder for a penile prosthesis.

Matthew Meadows, MD
Swedish Covenant Hospital
UroPartnerts Chicago
Chicago, Illinois

Dr. Meadows has disclosed that he does not have any relevant financial relationships with commercial interests.

Harold Pollack, PhD
Helen Ross Professor in the School of Social Service Administration and faculty chair of the Center for Health Administration Studies
University of Chicago
Chicago, Illinois

Dr. Pollack has disclosed that he does not have any relevant financial relationships with commercial interests.
