In conjunction with the Chicago Medical Society,
The Chicago Urological Society Presents

Genitourinary Reconstruction
and Trauma Symposium

04/06/2016
University Club of Chicago

Keynote Address: Scott Eggener, MD
President of the Chicago Urological Society

Target Audience: Urologists
EDUCATIONAL NEEDS

Urologic injury is a common presentation to Level 1 Trauma or Emergency Departments. Many Urologists encounter genitourinary trauma irregularly. Urologists lack understanding of the appropriate workup, AAST staging and treatment options for GU injuries. They also lack understanding of reconstructive techniques use to preserve the genitourinary system. At the completion of this activity, Urologists will be able to identify appropriate evaluation of genitourinary injuries and describe various reconstructive strategies, including buccal mucosal grafting.

DESIRED LEARNING OUTCOMES

At the conclusion of this meeting, the attendee should be able to:

1. Identify the etiology, pathophysiology and clinical presentation of iatrogenic genitourinary injuries and discuss the possible reconstructive treatment options for repair.

2. Describe the diagnostic evaluation of bladder neck contractures.

3. Discuss the possible treatment options for primary and recurrent bladder neck contractures.

4. Describe diagnostic radiological studies employed to evaluate injury to the genitourinary system.

5. Integrate the use of imaging to evaluate the American Association for the Surgery of Trauma (AAST) staging of genitourinary injuries.

6. Identify the etiology, clinical presentation and surgical repair of vesicovaginal fistulae.

7. Indicate the etiology, Pathophysiology and clinical presentation of urethral stricture disease.

8. Recognize utility of preoperative diagnostic studies used to evaluate the urethra.

9. Report the possible treatment options for urethral reconstruction, including a buccal mucosal graft.

CME INFORMATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Chicago Medical Society and the Chicago Urological Society. The Chicago Medical Society is accredited by the ACCME to provide continuing medical education for physicians.

The Chicago Medical Society designates this live activity for a maximum of 3 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

FACULTY LIST

Scott Eggner, MD
Associate Professor of Surgery, Co-Director, Prostate Cancer Program, Director of Translational and Outcomes Research, Section of Urology
The University Chicago Medicine
Chicago, Illinois

Dr. Eggner has disclosed that he is a consultant for Profound Medical and NxThera.

Sarah Faris, MD
Assistant Professor
The University of Chicago Medical Center
Chicago, Illinois

Dr. Faris has disclosed that she does not have any relevant financial relationships with commercial interests.

Dheeraj Gopireddy, MD, MPH, MBA
Program Director: Diagnostic Radiology Residency
John H. Stroger, Jr. Hospital of Cook County
Chicago, Illinois

Dr. Gopireddy has disclosed that he does not have any relevant financial relationships with commercial interests.

John Hairston, MD
Associate Professor in Urology
Northwestern University Feinberg School of Medicine
Chicago, Illinois

Dr. Hairston has disclosed that he does not have any relevant financial relationships with commercial interests.

Laurence Levine, MD
Urology Specialists, S.C.
Professor. Department of Urology for Rush Medical College
Chicago, Illinois

Dr. Levine has disclosed that he has been a speaker and consultant for Endo Pharmaceuticals, Coloplast and AMS. He also disclosed that he has been an officer for Absorption Pharmaceuticals.

R Corey O’Connor, MD, FACS
Associate Professor
Medical College of Wisconsin
Milwaukee, Wisconsin

Dr. O’Connor has disclosed that he does not have any relevant financial relationships with commercial interests.
