Submitted to Student Senate on: April 12th, 2016

- Whereas:** The Miami University Hub website is the electronic database for all student organizations on campus.
- Whereas:** A feature of The Hub is student organization rosters, detailing which students are members of said organization.
- Whereas:** The alumni office gathers information of an alumni's student involvement records from The Hub.
- Whereas:** Many student organizations listed on The Hub do not have an up-to-date roster.
- Whereas:** These not-updated rosters lead to inaccuracies when requesting funding, as well as issues with administration supervision of student organizations.
- Whereas:** Currently, student organizations only need to check a box to indicate their Hub rosters are updated in the funding process.

Whereas: In future years, rosters could be filed, allowing easier access for student organizations to reach out to alumni for purposes such as newsletters, banquets, and other organizational events.

Therefore be it resolved: Student organizations shall be required to submit an electronic copy of their student roster as well as update their hub roster.

Further be it resolved: The Alumni Relations Council shall be tasked to validate the updated Hub rosters by comparing the Hub roster the to roster submitted with funding.
