Submitted to Student Senate on: 1 November 2016

- Whereas:** Miami University is committed to sustainability in our academic programs, physical campus and operations, and university mission by promoting environmental stewardship and social responsibility for current and future generations.
- Whereas:** The Miami University 2010 Sustainability Commitment & Goals calls for an improved culture and awareness of campus sustainability.
- Whereas:** The Miami University 2010 Sustainability Commitment & Goals calls for socially and environmentally responsible investments and endowments.
- Whereas:** This commitment is a collaborative effort that involves students, faculty, staff and external partners.
- Whereas:** The Green Room Initiative certification is designed on a spectrum to include everyone who wishes to participate.

- Whereas:** To become Green Room Certified, students must pledge to live a sustainable lifestyle.
- Whereas:** Criteria are divided into categories which are Energy, Water, Transportation, Waste, Dining, and Involvement.
- Whereas:** Colleges and universities including Oberlin College, Champlain College, Indiana University, Rutgers University, University of Richmond, University of North Carolina, and Colorado College all have similar, successful programs.
- Whereas:** Organizations such as Green Oxford, Eco-Reps, and the Institute for the Environment and Sustainability are already sponsoring the Green Room Initiative.
- Therefore be it resolved:** Associated Student Government supports and sponsors the Green Room Initiative.
- Further it be resolved:** Associated Student Government logo may be used on the Green Room Initiative website under the guidance of the Secretary for Communications & Media Relations.
