  - m. Motion is seconded
  - n. Motion is approved
  - o. Approval of the Fall 2022 Internal Operating Budget
    - i. Secretary DeVictor: Academic Affairs \$200 for general supplies for this semester. IOB is the internal operating budget of ASG. If a committee wants to do an outreach event, we need to approve things so that it can go to the committees. We have one 3 times a year usually.

- ii. Senator Holleran: Who can request these?
- iii. Secretary DeVictor: All of cabinet members and senate leadership. The Secretary of Communications & Media relations committee requested \$150 for their media relations. Secretary Jefferson requested \$1049 for a tool used for virtual meetings it assists with having a more connected experience. If someone is talking it turns to that person.
- iv. Senator Roemer: Are we putting this in the office
- v. Secretary Jefferson: I have my SCC we're looking at expanding to other campuses in southwestern Ohio the Meeting Owl 3. It can be used by anyone else as it will be in the office. On-Campus Affairs requested \$400 for campus outreach and \$300 for marketing materials. Generic. The Secretary of Safety & Wellness is requesting \$300 and \$3200 for an emergency contraceptive vending machine.
- vi. Senator Abrams: Rationales are required?
- vii. Secretary DeVictor: It's not required.
- viii. Senator Grabow: What is the dollar amount for the vendors?
- ix. Secretary DeVictor: This is an initiative still starting
- x. Secretary Parker: Late developmental phase. We are speaking about location on Thursday. We will be ready to order it soon.
- xi. Senator Roemer: The \$1000 for stock, how long will it last?
- xii. Secretary Parker: It has a 2 year shelf life.
- xiii. Senator Ryan: Vending will be in charge of restocking costs.
- xiv. Senator Scott: What is the distinction between emergency contraceptives and the ones already in the vending machines?
- xv. Secretary Parker: These are after the fact rather than preventative measures.
- xvi. Senator Ryan: Plan B basically used after sexual intercourse, it kills the sperm prior to fertilization. This is not a form of abortion.
- xvii. Senator Orlando: Where would the machines be placed?
- xviii. Secretary Parker: 24 hour doors in shriver and central to campus. We don't want this to be completely public.
- xix. Senator Holleran: Given that we sell out completely from these are we profiting from this?
- xx. Secretary Parker: We are pricing it so that it isn't profitable but self-sustainable.
- xxi. Senator Houlihan: Will it be promoted after being put in place?
- xxii. Secretary Parker: Yes.
- xxiii. Senator Ryan: We are going to be promoting that it's there but not to actually use it.
- xxiv. Secretary Parker: Linktree will tell you how to use and when to use it etc. and doing a lot of outreach to let people know it's there. We understand the delicacy of the situation.
- xxv. Secretary DeVictor: Are there any other questions?

- xxvi. Senator Ryan: What was the IOB for Fall 2021.
- xxvii. Secretary DeVictor: Probably less but don't know the exact amount. Total of \$2300.
- xxviii. Senator Ryan: What is the precedent for requesting money for an initiative?
- xxix. Secretary DeVictor: Secretaries like to be flexible with their committees and initiatives in the student concerns. Being ambiguous is fine. You have a sense of what they are going to be using it for.
- xxx. Senator Ryan: Has there been precedent of requesting a lot of money for a specific initiative.
- xxxi. Secretary DeVictor: Off-Campus requested \$10,000 for the summer IOB to increase the safety alarms for off-campus.
- xxxii. Senator Williams: The high numbers in the corner, what are they for?
- xxxiii. Secretary DeVictor: This is how much money we have money in the accounts so more for internal use.
- xxxiv. Senator Williams: Where does the money go if we don't go to all of it?
- xxxv. Secretary DeVictor: Other than other orgs, it goes to our committees, stipends for our leadership.
- xxxvi. Senator Grady: Sounds like a good idea. Putting it in the shriver.
- xxxvii. Senator Roemer: Secretaries are definitely requesting money they need. You should approve it.
- xxxviii. Motion to end debate and call to question
- xxxix. Motion seconded
  - xl. Motion approved
  - xli. IOB approved
  - xlii. Motion to reorder special business of the day
  - xlili. Motion seconded
  - xliv. Motion approved
- p. DEI Training, *Secretary Kennedy Hughes*
  - i. Senator Williams: Do you feel it's important to ask people to define their distinctions?
  - ii. Secretary Hughes: If someone said how is it like being a queer student on campus? That's fine. Kennedy, how does being binary? That's a different story. Go to the inclusion forum. If there are any topics that you think senate needs to learn about. Tell me.
  - iii. Senator Williams: Talk to Amitojn about peer education program is that a training?
  - iv. Secretary Hughes: It's part of her platform where different students can be hired by CSDI and can be a way for students to gauge if they are equitable and inclusive. Less training.

## VI. Student Concerns

- a. Responses back
  - i. Secretary Parker: Reporting back on Student Health Services not being open on weekend. They are open on Saturdays.
  - ii. Secretary Payne: GrubHub orders canceling - no concrete reason. Please use the GrubHub app and not the kiosk to prevent bugs. Breakfast hours on weekends were from the last dining company. It was working and they aren't going to change it. Maple has been kind of funky, they feed 1000 more people than the next dining hall. Pulleys are going to help Maple. Replacing King Cafe with a coffee shop, they didn't expect that. Juice place and not getting rid of coffee and putting a market in their like Emporium. Everything there is a full meal which is why they are expensive. Single use plastic containers in Armstrongs, we are trying to do 1 to 1 meals. We didn't have compost so the compostable containers were getting thrown out. Allergen in food not listed outside allergen station, they've had issues with the screen. They cannot fix that so they are trying. Please talk to nutritionists or dietitians on staff.
- b. Senator Williams: Why some restrooms on campus have period products and some don't, is there a way to have a sign or marketing to say if they do.
- c. Motion to commit to the DEI committee for the purpose of being inclusive on campus
- d. Motion seconded
- e. Motion passes
- f. Senator Pfister: How professors handle student accommodations. Each professor has a different way of handling it. Some professor aren't accommodating in general.
- g. Senator Ryan: Set up a meeting with the professors in the first week of class
- h. Motion to commit to Academic Affairs committed for the purpose of it being academically related
- i. Motion seconded
- j. Motion passes
- k. Senator Ogunnowo: Work in academic quad, what are they doing there and when will it be finished?
- l. Secretary Hughes: The reason why they're down currently is because they are making Miami more green and environmentally friendly. Should be done by November
- m. Senator Betchkel: Take one serving outside of the dining half of food.
- n. Senator Williams: How easily can we implement a policy?
- o. Senator Ryan: What is the concern?

- p. Senator Betchkel: You can't take food out of the dining hall for more than just breakfast. For market, you can use a meal swipe to get a meal which reduces meal sizes.
- q. Parliamentarian Eli: Questions about how feasible it is is not really the place to do it. Talking about which committee to go to or respond back is acceptable.
- r. Secretary Payne: I agree, in theory. There are issues with people taking a lot of food being taken out of the dining hall. Maybe don't commit it because it will take more than 2 weeks.
- s. Senator Ryan: You don't have to work on an initiative straight from a student concern. You can bring it to your committee.
- t. Senator Alford: Allergy options on campus, needs to be more options for gluten free people. Options for vegans are good but 9/10 times not there.
- u. Secretary Payne: Not all dining places have gluten free options because they have to buy new machines.
- v. Senator Grady: You can always ask the people that work there and tell them that you have an allergy.
- w. Motion to commit this concern to the on-campus committee for the purpose that it's on campus
- x. Motion seconded
- y. Motion passes
- z. Senator Pfister: Some bathrooms in the engineering building are not accessible.
- aa. Motion to commit to infrastructure and sustainability committee for the purpose that it has to do with it
- bb. Motion seconded
- cc. Motion passes

VII. Reports

VIII. Old Business

IX. New Business

- a. Approval of the Fall 2022 Internal Operating Budget
- b. SR222302: A Resolution to Support the Establishment of a New National Restaurant Brand on Campus
  - i. Senator Orlando: Resolution about national brand survey that was concluded. Student government was asked to conduct this survey. The answer was that the student body prefers Raising Cane's Chicken Fingers as our first choice, second choice is BIBIBOP Asian Grill and third is Culvers
  - ii. Senator Abrams: We included a multiple choice and written option. Raising Canes won by a clear margin. This is what we are going to recommend. They want this in by the Fall of next year.

- iii. Senator Pfister: We did not include Chick-Fil-A due to ethical concerns. Aramark is working with Chick-Fil-A and protesting and we would not have a restaurant coming next fall.
- iv. Senator Grabow: Can we override democracy and have Culvers as one
- v. Speaker Payne: No.
- vi. Senator Williams: Where is this going?
- vii. Secretary Payne: This is being sent to campus services.
- viii. Senator Williams: Where on campus?
- ix. Senator Pfister: It depends what Aramark can get and what it would replace.
- x. Senator Williams: Is there a risk of losing a restaurant to replace it?
- xi. Secretary Payne: Nothing is definitive.
- xii. Senator Scott: How was the polling conducted?
- xiii. Secretary Payne: 1st one was a write in option. Then we did top 6 options with multiple choice. Senator Severance: There will be a Panera?
- xiv. Secretary Payne: It will be here next fall.
- xv. Senator Ryan: What percentage of students answered this poll?
- xvi. Secretary Payne: 6%
- xvii. Senator Grady: Can you look at what the favorite and worst restaurants are to determine what is getting replaced?
- xviii. Senator Orlando: Anything is possible. This is Aramark's territory.
- xix. Senator Sampson: Take in allergens into consideration.
- xx. Senator Betchkel: I would make it clear that a restaurant may get replaced.
- xxi. Speaker Payne: There are many places a restaurant may go. This legislation supports the data that they collected from the student body and gives it to campus services.
- xxii. Scott: Miami and Aramark want to make money. They will definitely choose the least popular one.
- xxiii. Senator Williams: Would this other restaurant be run and staffed by Aramark or by the second party.
- xxiv. Senator Abrams: This is just to recommend what restaurant will be there.
- xxv. Secretary Payne: There are a lot of questions at this point. Once they know what company, those questions will be answered.
- xxvi. Parliamentarian Davies: Aramark will be coming here on the 11th.
- xxvii. Senator Holleran: For the polling, is there any consideration about the diversity of who is being polled?
- xxviii. Secretary Payne: We sent it out to absolutely everyone we could be even sitting in dining halls. Different organizations got it.
- xxix. Senator Schowalter: Will this be available for mobile ordering?

- xxx. Senator Orlando: We can expect Aramark to bring the conveniences.
- xxxi. Senator Ryan: This legislation is to support the polling and that we support that.
- xxxii. Senator Crabtree: Would it be possible to take another poll of the top 2?
- xxxiii. Secretary Payne: They would like this to be done as soon as possible. No so that we can get something that the student body wants.
- xxxiv. Senator Roemer: The On-Campus Affairs committee did a great job conducting this polling.
- xxxv. Senator Scott: I support this legislation.
- xxxvi. Senator Orlando: We are recommending the top 3 for feasibility reasons, but you could see either of the 3 would change how the resolution would have come out.
- xxxvii. Secretary Parker: I would urge you to vote for this.
- xxxviii. Motion to end debate and call to question
- xxxix. Motion seconded
  - xl. Motion passes
  - xli. Legislation is passed

  - b. Senator Ryan: Me and Secretary Parker are working on safety nest and have a survey and petition to demonstrate student support to show MUPD. Please fill it out. There will be a one pager about what it is.
  - c. Secretary Payne: Pulley's is bringing back all-day breakfast. They expect Withrow Starbucks to open the Monday after fall break.
  - d. Parliamentarian Davies: If you are speaking about something that is triggering like SIV or eating disorders, please preface with content warning so people have time ready themselves before the next point. Shoutout to Senator Orlando that came with a drafted piece of legislation.
  - e. Secretary Gallo: If you're involved in a student Organization, there is an inconvenience for sending announcements through the HUB. Funding applications are open and due soon.
  - f. Senator Grady: Shoutout to all the new senators

## **III. Updates from the Committee**

- A. Colin: Meeting with a club and they brought up a question over whether we would waive the food cap for cultural organizations and events.
  - 1. I am open to everyone's ideas. Currently I am wondering if it would be equitable to waive this cap for some orgs without a clear connection to food like gaming clubs and the electronics cap. We also can't define what is cultural.
  - 2. With the limited options in Oxford, cultural foods can be quite expensive and orgs could really benefit from this.
  - 3. Could we adjust the percentages for food for each tiers? Yes
  - 4. Changing the bylaws to up the categorical cap from 5% to 10% is something worth considering, but JS says that we should NOT increase the cap during the semester.

B. Michael: Language in standing rules

1. Updated the wording in Section 6.7 to match actual funding procedures.

Secretary Ryan Parker

October 2, 2022

### **1. Roll Call**

- a. Present: Maggie Ryan, Shelby Alford, Melinda Barman, Peren, Abby Showalter, Chelsie Kirk, Lily Wahl, Patrick Houlihan
- b. Excused: Lana Money, Kerrigan Grabow
- c. Unexcused: Greg

### **2. Updates From the Chair**

- a. N/A

### **3. Student Concerns**

- a. N/A

### **4. Committee Work**

- a. Abby: Nightcaps, if the order is large enough they're able to do any colors, levels of transparency, custom packaging. Nightcaps are drink covers for students that are accessible for students, we wanted to put them in welcome baskets for students, sorority bid days, etc.
- b. Abby: Trial run we will have to go disposable (Cup Condoms), but in the long run we can look at buying the reusable ones. Have Good Sam policy on there, different university resources, etc. Druggings have gotten so much more random and dangerous, preventing things like that. Working with schools to make these available to students.
- c. Melinda: Do you need support?
- d. Abby: Not at the moment, still working it all out.
- e. Peren: Was talking to a friend about the Rec how there's no on site health services. Like if you're injured (someone dropped a weight on their foot and had to go across campus on a crutch)
- f. Shelby: There are people who are designated trainers but they're not there for general students, there for specific athletes. On the note of gyms, North quad gym hours SUCK
- g. Melinda: It's old, so little space, etc.
- h. Shelby: Only one of every single weight, only open from 7-9 am Monday and Tuesday, 3-10 pm rest of the week.

- i. Ryan: Who would be good to talk to about those? Both of those are weird and should not be happening. Talk to both SHS and the Rec for the first, will get back to you on the second.
- j. Ryan: The only update on Plan B would be that we met with PFD (Robert Bell, Campus Planner) offered to walk through ASC and Shriver to try and find a spot and he's gonna get back to us at the end of the week.
- k. Abby: Will the declining dollars charge show up as Plan B?
- l. Ryan: No, it will just show up as MU Vending. We're ordering this machine without a card reader so Miami can install their own.
- m. Maggie: I will be writing legislation to show student support, if anyone wants to sit in and watch how to write legislation and sponsor you are more than welcome.
- n. Lily: If it just says vending, instead of what the purchase, the amount will still show up will that raise concerns?
- o. Ryan: Price will be in the \$7 range, so it won't be super obvious
- p. Maggie: We can really only do so much, how you're paying is up to you.
- q. Shelby: Where is this machine going to be located?
- r. Ryan: We are hoping for it to be located in Shriver. We did not pick ASC bc there are a lot of people there at all times of the day. Many colleges doing this we are modeling ours off of Boston University. Boston University created a slack group chat that took him through the process of how the students and this university got this put in place. He is following those steps.
- s. Maggie: Are we going to market it? Or coms?
- t. Ryan: Once plan b vending machines are in place we will send it off to Coms to market it.
- u. Ryan : Oct. is domestic violence awareness month. We will be tabling and making resource cards. Does anyone have any ideas for programming? Keep that in mind and give it some thought
- v. Trigger warning SIV

## 5. Action Items

- Ryan: Make Title IX DVAM resource cards and schedule space for tabling, send out Instagram graphics and posters

## 6. Announcements
