CNC Carved HDU

High Density Urethane (HDU) signs. Single sided signs are generally made from 1.5" thick HDU and double-sided signs are carved from 2" thick HDU, either may be as large as 4' x 8' and may have up to three layers at .20" depths. Please submit an EPS or vector file and we will reply back with a 3-D rendering similar to the one shown prior to production. Production time is typically 5 to 10 business days. Minor clean-up required prior to painting.

1.5" Single Sided per square foot	43.99
1.5" Double Sided per square foot	61.93
2" Single Sided per square foot	49.28
2" Double Sided per square foot	67.28

For best results prime unpainted HDU with Jay Cooke's primer and topcoat with 1Shot lettering enamels. Priced by the square foot, \$150 minimum.

Custom CNC Cut Letters & Forms

Cut any design you like from a variety of materials. Square inch pricing (below) includes the cost of the substrate. Some minor cleanup required.
