

Manufactured Home Installation 101 Workshop

Instructor: Pete Hogstad

Wednesday, August 22, 2018

9:00 am. - 4:00 p.m.

Hampton Inn, 920 SW 77th Street, OKC, OK

This course will give you 8 hours of the Educational requirements to apply for an Installers License with the Used Motor Vehicle and Parts Commission or allow your service personnel OR CREW CHIEF an opportunity to be issued an "Identification Card" under your Oklahoma Installers License.

There is a minimum charge for this workshops. MHAO is offering this course for a low member fee of \$100 for each individual or \$250 for a non-member individual.

This workshop will include an installation manual. Lunch will be provided. The workshop will be offered on a first come first serve basis.

- ♦ The workshop will be a classroom setting, learning everything you need to know about the proper way to install "today's" manufactured homes and an overview of the Installation Inspection Checklist.

This course also breaks down the installation process into its fundamental parts, such as: Oklahoma and federal Laws, understanding proper site preparation, foundation and footings, set up and installation of optional features.

Every new home must be inspected by a Certified Mfd Home Installation Inspector.

Do you qualify to be one?

One of the REQUIREMENTS IS: You must have attended and show proof of attending our 8 hour 101 class within the last 3 years.
