

This is how we do it.

Experience has taught us much. When you contact us we will:

1. Confirm availability for your event date.
2. Gather specifics like:
 - a) Location of event
 - b) Type of event
 - c) Expected number of guests
 - d) Time of event
3. What kind of menu did you have in mind?
4. Will there be a bar and/or cocktail hour?
5. What is your budget?

We typically quote a per person price on most of our proposals. All price quotes are inclusive of all service charges and fees. The only additional charge that will be added to your quote is the mandatory sales tax.

A Helpful hint to keep in mind when meeting with venue representatives is to confirm the specifics of what are included. Things like; Tablecloths, Tables, Chairs, Audio-Visual Services, Parking, Clean-Up, Set-Up, typically vary from venue to venue.

Our goal is to make the process as simple as possible. Our proposals are always one-page, and without a lot of fine-print. Maybe the IRS should take note of this. 😊

Once we gather the information necessary to produce your proposal, we pride ourselves on promptly getting it in your hands.

That's it.

We look forward to hearing from you and getting to work on making your event a fantastic and delicious one!
