

CASTELLI ESTATE

WINE LIST

IL LIRIS

The reserve 'il Liris' range celebrates the essence of the Great Southern region. It is the coming together of years of winemaking tradition and expertise, with state of the art equipment and only the finest parcels of fruit. We believe this range represents the pinnacle of Great Southern fruit expression.

EMPIRICA

The Empirica range of wines are produced in limited quantities from individual parcels of fruit only during top performing vintages. As the winery is equipped for such small batch winemaking our winemakers take an artisan's approach to these wines, producing a range that will excite the wine aficionados amongst us.

ESTATE

The Estate Range represents the premium tier of Castelli Estate's single varietal wines. There is no compromise to excellence in any aspect of the winemaking process, from the vine to the bottle. Fruit has been sourced from the best vineyards in Western Australia.

BLEND

The Blend range label is Castelli's blended range and aspires to provide unrivalled value for money. Our winemaking philosophy pursues a similar strategy, sourcing from WA's best vineyards to create each of our wines. These individual fruit parcels work together, focusing on their strengths to produce one exceptional wine.

THE SUM

The Sum range represents nature, artistry and science in perfect balance and harmony. These elements, when crafted together, create a wine which is greater than 'The Sum' of its parts. Modern, fruity and unique, the wines are balanced and display the freshness you have come to know of Western Australian wines.
