We require a minimum of 25 shirts, no exceptions. The 25 shirts must be identical in ink color but shirt color/style can vary. Price breaks occur at 50 and 150 items. Printing one design and switching ink colors on an order of 50 will not qualify for the price break and will be counted as two individual orders of 25. We do not charge a setup fee for screens, as this cost is absorbed into our standard price per shirt, guaranteeing an accurate quote without any hidden fees.

The choice for apparel brands and styles are nearly endless, although our recommended brand is Bella+Canvas for a great combination of quality, fit, and price, but others also have their advantages. Listed below are a few wholesale websites we frequently use for shirts, hoodies, hats, and other apparel items. Please note that prices on these sites are often priced for retail, and are not indicative of what we charge for printing. Please include the brand, item number, and color in your quote request for an accurate total.
