Verse 1 //

The joy in me
I live and breathe
I know it's from You
I know it's from You

You took my wrongs
Made them right
From darkness to light
Darkness to light

Pre Chorus //

Let it fall
The hope You give that's changing it all
Let it fall
The love You give that's saving the world

Chorus //

Here we are, all the saints in rows
Singing holy holy
Here we are, all the saints in rows
Singing glory glory

Verse 2 //

The life that's real
That fire I feel
You're lighting it up
Lighting it up

No one else
Can save our souls
It's always been You
Always been You

Bridge //

In Your light, in Your light I'll follow
