Verse 1 //

We're rising up from ashes
No longer bound by chains
You gave Your life for our freedom

Verse 2 //

We're coming out of the shadows
Your glory tore through the veil
And now Your light shines upon us

We are free, we are Yours

Chorus //

To God be the Glory now and forever,
Sings my soul

Verse 3 //

We have been washed in the river
You turn our sorrow to joy
And now we're singing your praises

We are free, we are Yours

Bridge //

I will command my soul
All that I am will sing
To You the highest praise

There is no other name
No one can take Your throne
You are the King of Kings

Outro //

All of creation
Lift up His name
To God be the Glory
