Verse 1 //

There's a song of worship
Rising from our hearts
And as we sing Your praises
All the walls come down

Chorus //

We will bless, we will bless the name of the Lord

Verse 2 //

There's a time coming
When nations turn to You
So open up the floodgates
Heaven come to earth

Bridge //

Above my circumstance it's You I worship
My life surrendered to the mercy of Your love
Nothing can be compared to You I now know
You spoke the universe into existence
