Verse 1 //

All our words
Could not come close
To describing how great You are
Our hearts are full
We're falling down
We join the heavens
We're crying out

Chorus //

Glorious, Glorious
Beautiful, Beautiful
Glorious, Glorious
Wonderful
You are, You are Lord

Verse 2 //

No eye has seen
No ear has heard
No mind can know what You've prepared
Our hearts are full
We're falling down
We join the heavens
We're crying out

Bridge //

We cannot wait until the day we see Your face
Surrounded by the power of Your embrace
Until that time, and while we're still breathing
Guide us on and make straight our way
